

He saw Father Christmas in Hell

Brother, I already talked about Christmas in a teaching but this time around it will be different- for it will not be a preaching or teaching but a testimony.

Many people celebrate this feast; therefore I will testify so that you make up your mind if you want to continue celebrating this feast or not.

When I had this experience in my life I was in a point where I was being taken to hell by the Lord. I had a daily experience of 351 days. I had been in hell for 351 days and on the 86th day, the Lord came and took me to hell.

When we arrived in hell, as usual this was a kingdom full of fire; there was a lot of lava of fire everywhere and I saw countless lost souls inside the lava, they were numerous. I noticed that their lower part was in the lava.

We have all seen lava or volcano, how it looks molten liquid steel. Now imagine thousands of people inside liquid lava burning. I noticed that the majority of the people whom I was seeing were church-goers.

Beloved, the kingdom of hell is divided into 351 valleys that we call **chambers** of hell. These chambers are actually continents of hell. On earth, there are five continents but in hell there are 351 continents. I can afford to tell you that Africa and Asia combined together cannot be equal the size of one continent of hell. This place of torment is really vast and the torment is unbearable.

People were crying and shouting, they were all asking for forgiveness. When I saw this horrendous scene: I was crying continuously. There was no empty landscape and the place was full of fire.

People were being tormented by demons and there was no escape. All those souls in the fire. I asked the Lord, "why all these souls in respective pits of fire?" The Lord said, "when men on earth fall into sin, they are digging a hole for themselves; they are digging an eternal pit in hell" Sinful lives provide demons with materials to dig your pit.

Chambers of hell are an enclosure and there are millions of screams everywhere. I had people complaining and regretting.

A lost soul said, "Why has my body lied and deceived me?" I fulfilled the desires of the body and this is where it led me. Everything that I strived to acquire I left it on the earth and I lost my soul for eternity. Other souls were insulting God for the suffering was unbearable.

When I saw the pain of the lost souls I cried bitterly. I said, "Lord, is there any more opportunity for these souls to be redeemed" The Lord said, "men can repent on earth while they are still alive, however when they die and end up in this place; it is too late".

Looking above I saw countless souls lifting their arms and asking the Lord for deliverance. These souls were rotten and covered with worms and fire that was burning them. Whenever the people tried to remove those worms on their bodies, more worms were coming upon them. It was better to accept the ones on your body than to remove for they would multiply.

In the kingdom of hell, there was fire springing from the ground and it was burning all these numerous souls and people were crying. Seeing those torments I was crying all the time and saying, "Lord, pity your people"

Finally, we arrived at the gate; when I look I see a man sitting at the gate. He was dressed exactly like Father Christmas. He was holding toys on his hands and he was laughing at people stuck inside the gate. I looked above the gate and it was written "the chambers of the damned souls who celebrate Christmas". The writing was not of this world and the Lord helped me understand it.

In hell, I saw that fire was not burning demons, impure beasts and impure birds. It was only burning human souls that were in this hostile place. When I saw the writing, I asked the Lord what is the meaning of the inscriptions. He said that all the sins that people are committing on the earth are classified into prison and punishments in hell.

This chamber that you see is built for people who are celebrating Christmas on the earth. I said, "Lord, we celebrate Christmas because it is your birthday"

Jesus said that is not the case. That celebration was instituted by the devil through the roman catholic church and the demon that you see is an unclean spirit and it is seducing the world. This church that came up with Christmas is the representative of satan. They have instituted Christmas.

The Lord said there were many gods in ancient times. The emperor was worshipping the sun god. When the romans came to Christianity, the emperor resolved to come up with a feast for Christians. The emperor said that since there was a feast for Holy Communion to remember the death and resurrection of Christ. We need a day to celebrate the sun god. This inspiration came from the devil himself

The devil had summoned a meeting in which he told the power of darkness, "since Christians don't have a day in which they remember and celebrate their master and since living in the presence of their master daily is the celebration of their God" Let us come up with a day in which we will tell the world that they are celebrating the birth of Christ. This is the day when the world and all families will give me honor.

"I want a day when the whole world will worship me. A day when all the families of the earth will worship and celebrate me. That day will not be remember the birth of Christ for it is too powerful.. When families and inhabitants of the earth will celebrate this day, they shall be marked of my seal,666."

This resolution of satan was implemented by the roman catholic church and people who celebrate Christmas are marked with 666 for they are worshipping the devil.

I saw this demon that was father Christmas and he was saying to the damned souls, "Rejoice for this is your kingdom. You have accepted our proposition and you have done our willing bidding. This is your reward"

When we got to the gate, this demon ran away from the presence of the Lord. I saw the names of those who celebrate this pagan feast on the gate.

The gate opened, when we entered I was like lost. Lord, please get me out of here. I swear to tell people that this place is real. It is unbearable and I cannot take it.

The Lord said, "my son, you have to see this, it is in your interest. You have to tell the inhabitants of the land about these things"

Brother, there was fire everywhere and in this place there was no empty space. Quickly, I began to hear voices of children. They were countless.

These children were obsessed with Christmas celebration on the earth. I watched and saw that they were decomposing and they were crying.

As we were moving along I saw a pit and inside the pit there was a baby crying, he was being eaten by worms. As the baby was crying the Lord allowed me to hear his soul saying, "I don't know anything; I left the earth when I was one-year old. What have I done to deserve this?"

I asked the Lord, "Why is this baby here?" The Lord said this baby was initiated into witchcraft from her mother's womb. That is why she is here. When we left that baby, I saw a toddler and it was surrounded by demons. These demons were cartoon characters that he was watching on the earth. The kid used to watch snowy. As a result snowy was around him among others. He was eight.

Brother, in hell it was difficult to identify people for they were rotting and they were skeletal. You will recognize people thanks to their voices for they were covered in worms. The child was crying and he was calling the name of his mother and father for when you fall in hell you will remember your family and loved ones.

I asked the Lord why the child was here. The Lord said, "While on earth, his parents were always buying her gifts and presents on Christmas but whenever they failed to buy her, she was crying and bothering her parents. She was shouting and imposing herself saying that I must celebrate Christmas. Her parents were pressured that they had to buy her new clothes and shoes. When new clothes were bought for her, she went to play with other kids. Since she was doing this every Christmas, the devil marked her with 666 for she had become the worshipper of Father Christmas who represented everything for the child. This was a worship of father Christmas "

The Lord said you shall have no other God but me. This has become what matters to children and father Christmas has become a god for children. When Christmas comes, they become impatient and there is heartbeat.

When we left this pit, we went to another pit where I saw a man and a woman; they were skeletal, they said to one another, "I am here because of you. It is your fault"

Quickly, the Lord told them to keep quiet. When I looked I saw that these people had no eyes in their eyes socket for the fire had consumed them and worms were coming out of the sockets.

They were saying, "have mercy on us" They were on their knees asking for mercy but the Lord said that it is too late. I saw that Jesus was crying for their souls. Jesus said you had all the time on earth to repent. Once you fall here there is nothing I can do for you.

Jesus said, "You see, while on earth this man and woman were boyfriend and girlfriend. On christmas of 2013, they went to a restaurant to eat, it is when they were coming back that they had an accident"

I asked the Lord, "What is it that they did wrong?" The Lord said, "You shall have no other God before me. These people are here because they wanted to celebrate christmas and this is their condemnation"

Brother, just imagine because of celebrating a holiday called christmas these souls are lost. Jesus had not finished talking when we had someone behind us calling, "Jesus, please get me out of this place; I have suffered enough" We went towards the pit where the voice was coming from.

As we were going there I saw that the Lord was crying and shedding tears like someone who had lost a loved one. Then I saw a woman from the pit who was crying, there were no eyes in her eye socket for her flesh was burnt. I saw in her pit there was like a pan full of meat and it was shouting justice.

I asked the Lord, "What did she do?" The Lord said, "during christmas, this woman was not going out to celebrate christmas but she was cooking a lot of food and inviting people to come and eat then one day she was shouting in the streets merry christmas to everyone. When she was shouting merry christmas the principality of christmas came and said to her spirit since you have shouted my name I am here. The demon entered her house, a few days later she fell sick and died. On the day of her death Father Christmas came and cast her soul into this place. She never knew that she had invited this demon inside her house"

Hearing these things I cried a lot. The lady said to the Lord, "Master, you know that I served you faithfully.. I arranged the church and carrying bibles. I was paying my tithes, I was doing evangelism."

Jesus said, "I know the works you have done for me but you were imprudent and complacent for you knew my word and principles but you went on to celebrate this holiday willingly. You ignored the spirit because of lack of vigilance. By celebrating this holiday you went to worship this demon. You shall have no other God but me. It is too late"

Then we went on to another pit there were four toddlers, they were holding a fiery hammer and they were beating a woman. They said, "We did nothing wrong, this woman brought us here. She taught us to celebrate Christmas every year. That is why we are here"

The Lord said, "This lady is the mother of these children. She used to buy clothes for her children every year and they were celebrating. One day they were in an accident and they died."

The mother said to the Lord, "The children were pilling pressure on me every year to buy them new clothes and I had no choice but to please them in order that I have peace. I wanted to please them"

The Lord said, "My daughter, it is written do not conform to the present world. You are not of this world "

We cannot the things and follow the traditions of the world because people of this world are doing it, we are not of this world. Let us learn to use the freedom that we have received from the spirit.

The Lord said, "My daughter, time is gone for you".

As we were moving along there were pits everywhere, people were shouting and demons were mocking them. They were saying you people will worship father christ by celebrating Christmas. This is your kingdom. You will worship and celebrate father Christmas here forever. Why are you crying? You will be here forever.

While we were in this chamber of hell,I looked at its gate and I saw demons coming in the gate with a number of children. They were pulling these children with wires that was attached to their tongues.

The Lord said, "what you see are the newcomers; they have died on the earth and they have mark of father Christmas 666 on their forehead"

They were crying for help. The Lord had love for these souls but he kept saying too late! Too late

Beloved, how many times have we celebrated this pagan holiday?

Then I saw a soul that was inside liquid lava. His belly was like four meters and demons were piercing his belly with javelin

The Lord said that this man has lived fifty five years celebrating Christmas every year. He never missed; he was buying food and clothes- he went out to celebrate. He kept telling his wife, "we must enjoy this life, I am happy to be with you"

The Lord said that all the food he celebrated In Christmas is in his belly. That is why it is that way. Jesus said that the demons will pierce him forever and I saw that he was unable to stand up because of his belly. He was calling the name of his pastor but it was too late.

Then I saw a preacher in hell preaching telling lost souls, "do not celebrate Christmas for it is of the devil. " I saw that some souls were asking for forgiveness, other sous were insulting him.

I asked the LORD, "Why has this preacher fallen in this place?"

The Lord said in his church he was preaching that people can celebrate Christmas. Every Christmas, children were invited and given presents in his church. When he died he realized that he was in err. That is why you see him preach this way but it is too late for him.

When we reached him, he said, "Lord, pity me. I did your work. I won souls on earth and when I fell in hell I realized my mistake. That is why I preached here and many souls believed me. Get me out of here"

The Lord said, "Lying servant, you knew my word but you wanted to follow the celebration of the world and you preached that celebrating Christmas was okay. It is too late"

When we were leaving this preacher began to insult the Lord and he was blaspheming. The Lord was in tears.

In this place, I saw cardinals of our country. I saw catholic priests and popes. This was unbearable. Some were looking for a way to get out but there was no place to hold. They were lying in the river of fire. People were calling for help and saying, "What have we done to deserve this?"

The wall of the enclosure of this place was also burning with fire. In this chaos I was hearing a voice saying increase the temperature for every half an hour there was an increase in temperature of the lava of fire. You cannot imagine what I am talking about.

In this place I saw a cardinal with a popular school within our city. He was surrounded by kids that were grabbing him. They were saying, "Father, you are the one who brought us here".

These children were joined by beliefs of the Catholic Church. They were tormenting the cardinal saying we have come here because of you.

THE ARTIST WHO WAS TAKEN TO HELL

A TRIP TO HELL

The Lord said, "There are so many people walking on the path to hell that it is countless now. This people are following that path without being aware that their destiny will be fixed"

The story of an artist who drew about hell. May 22, 2009 it was on the twelfth night of hundred days of prayer. The words it's hot came out of my lips and I realized that my spirit was going through the suffering of hell; then I saw a series of four images

There was a woman tied with chains and a demon was piercing her private parts with a spear. I realized she had many sexual experiences.. A man was being stabbed in the mouth using a knife. Demons ripped off the flesh of a man's spirit, roasted it and enjoyed it as food.

New souls that had just landed were to be taken to a factory to undergo tortures. The feeling of dread did not leave me. Even then I did not know why I was seeing those things.

People tend to think that heaven and hell are only a conceptual world of dream. As an artist I was inspired to let people know the heart of the Lord.

The mind, thoughts, hurts of the body are transferred directly to the spirit so the pain of hell is felt as if one would feel physical pain. The spirit can sense things and it feels pain more intensely and immensely.

The joys of heaven and the pains of hell can be felt much more intensely. A video of heaven and hell cannot be recorded and brought back so the Lord shows what they are like to His people.

Hell for murderers

There were outcries from spirits who were being cut like slabs of meat. The flesh was being cut and hung throughout the place and a huge demon with a beast-like face held a big knife, he then put the flesh meat on top of a cutting board. The cut slabs of flesh screamed out in pain and begged to have their lives spared. The first murderer was Cain and the reason for killing was jealousy and envy.

Hell for Jealousy and Envy

Demons threw people in hell, one by one to the cliff that connected to the floor below and slid them on the fluid that secreted from the wall. The people who received the suffering of being thrown over the cliff are the people who felt neglected in love and felt left out.

On the floor, on the basement of hell there was a huge shovel that was placed on a rock like a see-saw. On that see-saw there was a person sitting there heavily bound and trembling in fear. There was a demon and the moment he jumped up and down on the shovel. The man jumped and he was thrown up in the air and disappeared.

Hell for those who Commit Sin Verbally

Jesus said for those who cut me to pieces, disregard my word and speak recklessly; their tongues will be hammered with big nails, their lips will be sown together with needles and lava will be poured on their tongues.

Hell for Slanderers

The Lord said that the psychology behind slander is that it does not stop at the instance one hears it but rather it gets to another person and so forth until it becomes a wide spread rumor within moments. The tongues of people who make slandering their duty are similar to the tongue of Satan. One mistaken slander will cause both the slanderer and the victim to undergo suffering that comes from slandering. Slander is a habit. It is a satanic trait of taking pleasure in speaking ill of others. I, the Lord, say to eliminate the seed of such slander.

Torture for Liars

Demons kept shoving rocks into the mouth of a man. The man threw up and cried in pain but demons showed hard rocks without a moment of rest.

Complainers

I saw a man who was being strangled and tied with a snake and the long thin snake was wriggling inside his stomach. Numerous men lay on the floor with their robotic expression as if they had no thought in them. Their faces were pale and their eyes were staring blankly, I then heard a noise in my ear. That noise was like the sound of hell that I had heard on the internet. When I listened closely; they were the voices of people grambling and complaining. "It is your fault, it is God's fault, it is pastor's fault" I heard every one of them complain that it was someone's fault. Their complaints were so loud that it hurt my ear.

They looked so unsightly that I had to quickly glance at the Lord's face. This is what the Lord said, "They did not say with words but they always had negative thoughts in their hearts" Just because it was not spoken does not mean that sin was uncommitted. It is sin to keep it within your heart and without resolving and repenting.

Hell for those who Commit Suicide

One Man's Story

He was that of continuous stress. "Oh, Am so tired and exhausted. Wherever I go, there's no place I feel at peace. I tried to suit myself with drinking. I don't want to live anymore. Will it be peaceful once I die? Will the weight of this life be lifted off me once I die?" Then he jumped.

"Where am I?" Demon replied, "so you thought it would be over once you die, you thought you would be happy"

The man soon regretted what he had done.

Those who are in hell know that there is heaven yet they also know that no matter how much they cry or repent they can never go to heaven. Hell is a world of eternal regret and suffering.

Hell for addicts

Extensive use of the internet leads to wrong communication, pornography, games and other addictions. It can cause confusion between virtual world and reality, violence, sexual perversions, and other crimes. Therefore, it can be the major cause that leads people to sin.

Hell for drug addicts was a very cold place; demons cut the people's arms and legs, buried them in ice and tied the rest of the body on a tree with ropes.

Hell for materialistic people

These people loved money when they were physically alive but they will receive eternal suffering here in hell.

The Lord said that these people were so confident in their pursuit for riches; they valued money more than people. They preferred luxurious imported cars and mocked church-goers. They also live in fear that the food that satan pours on them will vanish so they try to feel their greed for possession. Just as they were once sophisticated satan raises them high on pedestals and burns their whole bodies with flames where they will live in pain.

Hell for those who commit Sexual Sins

Though it was done out of love and mutual affection, it was done outside the Law which God has given to humans so it is considered as sexual sin. People commit sexual sin for they believe that it is just one of ways of life. Love that is not sincere or for the salvation of life but done for their own pleasure is considered to be sin. The reason is that our bodies were not created as tools for pleasure.

A woman and a man had their limbs spread apart and bound in the nude. They were hanged high up. The demons had 2-3 metres long spears and pierced them in their genitalia again and again. A long and thin snake that was over fifteen metres long entered into the woman's private parts within seconds and passed through her whole body until it came out through her mouth.

Men were stuck on the walls and beasts that looked like hyenas were gnawing at their penises. The men that were stuck on the walls screamed in unbearable pain.

Those who make Pornography

There was a machine and a person was bound with his limbs spread apart. When the machine began to roll, his hands and feet were sliced up. The torso that had been cut up were piled in one place. The body was thinly sliced and passed through the machine like a bank receipt running through the cash register.

People who had Sexual Intercourse with Animals

People were hung upside down and twisted continuously until blood dripped out from them and fluids oozed out of them. These lost souls cried out for their lives to be spared but I saw demons below them collecting the dripping blood and drinking it.

Women who Enjoy Sex and Abort Babies Recklessly

A woman was hung upside down in a deep pit. Ten demons inserted ten 20-metre long spears inside her private parts and twisted and stirring all of them at once.

Hell for those who have Abortions

There was a silkworm-like fruit on a leafless tree. The naked soul was curled up like a fetus inside a womb. There were sharp thorns like steel embedded in the fruit and these pierced into her body so she bled in miserable pain. This place is filled with people who chased after their

own pleasures; they did not bear children but kept aborting them. Harming lives is a tremendously horrific sin of murder so we have to quickly repent.

Those who masturbate

The Lord then said to her, “You who cannot overcome Lucifer’s tricks and succumb to masturbation. There are so many of you who cannot overcome its pleasure and perform this act habitually”

You did not realize the essence of love nor can you feel the abundance of love in spirit. You are people who think that physical love is everything. When it comes to love, love of the heart, mind and spirit is the greatest. Rotten love of the lower body is actually a love that is dead.

Demons put a man on a big carton board and began to cut the man’s penis. The man screamed and his whole body began to convulse. One woman was stripped naked and dragged on a floor of sharp rocks. This woman was unable to overcome her desires and tried to satisfy them through masturbation. They fall into the pits of hell because they did not perceive it as sin.

The Lord said that these people committed all kinds of filthy and wicked acts. These are people who lived a life of trash in the gutter of iniquity. Among them are also entertainers and there are many people who lived caught up in drinking at bar lounges and sexual pleasures. With gutter-like acts they had committed they are undergoing punishment in the gutters of hell.

These people tried to kill themselves and they had beaten themselves every day. They lived a life of self-condemnation, they hit others with violence and fought with others. These people lived a life of killing others in their hearts and with their words time after time.

The Lord said to her, “So many people in this world are corrupt so relay my ever-aching heart to them.” Even this very night people commit sin and they are born again as ones who have lost life.

Hell for Children

Lord, how old is this child?

“This child is nine years old and was an elementary school student”

Lord, why is this child going through such suffering?

“This child did things that his parents told him not to do, Satan was using this child the whole time. He was foul-mouthed and was already caught up in the sexual culture of adults even at such a young age. Therefore his brain was already plagued with a disease to the point where his parents could not help him fix it.”

There were bugs and insects crawling around this child and they were eating away at the fully naked child.

Lord, What shall we do with young children? Wouldn't it be okay if they repent?

The Lord said, "Children can discern for themselves between good and evil, know about heaven and hell yet they become corrupt and fall into the domain of satan regarding sin as trivial; hurting others, mock and slander others with no intention to change and repent. Their end will be hell."

There are so many children like him in the world. If these children get into an accident or become ill then die, demons will drag them and confine them in various prisons of hell.

Hell for Pastors who have become Bad

Demons were dancing with joy, "Today a big person came; he is a pastor who used to harass us."

His spiritual body was tied up with ropes and dragged there. Demons held arrows with very sharp metal tips that were heated over the fire and began stabbing all over the body again and again.

He cried, "Lord, please save me"

Demons replied it's useless. You are now ours.

I asked, "Lord, why is this person here?"

"He once led a ministry inside his church. He specially received the grace of God and began leading a church. He preached about heaven and hell but then he gradually little by little became corrupt. He was a married man but he seduced one young woman, dated her and soon he forgot about me. He beat his wife and left with the other woman. He was then driven out of church; even when times grew hard he did not seek me. He rejected my help when I tried to give him many chances.

I wanted to lead many lives to salvation by him but he turned away everything and chased after his own desires. That is how he ended up here."

Lord, What type of suffering will he be going through here?

"Demons despise pastors or anyone who did my work so they will inflict on them all kinds of pains. They will be happy and relieved that they fell for their tricks. This hell is a place for people who do not or hate to attend church. Even if they attend church, they attend half-heartedly. "

Those who mishandle public funds

A man was standing naked with his two hands in the image of a cross. There were needles pricked in each of his cells all over the body. He looked as if he could not scream even if he was in terrible pain, this person had spent the church funds as if it were his own.

Those who do not preach the Gospel

There was a person who kept on vomiting. I looked closely and saw small baby snakes popping out of his mouth. This person had hated the Word of God.

The word is food for the spirit. We grow and change through the Word of God. There are those who confess the Lord with their lips but fail to give their heart to Jesus.

Jesus said, "These people have not even once given their hearts to Me and only looked upon me as their neighbor. They did not love Me. They called on me only because they had to, they never cried for me but they cried for themselves"

The modern people see, feel and meet whomever they want and their heart is caught up so when they are told that there is a Creator who created them and there is a spiritual world, they neither have the time to think about spiritual world nor show interest.

It can be expressed that they live the way they do because they do not know the reality of spirituality. You need to realize that the result of such a life will lead you straight to hell. Those who live in this world having nothing to do with Jesus when they die will be in a place where it has nothing to do with HIM.

There are many paths in this world but there are ultimately two paths. It may seem that life has many paths but when people die they will have to choose between heaven or hell. What determines your fate is how you live your life on earth. Just as gender, male or female, is determined in the womb, it is the womb of earth that determines the world our spirits will reside.

Everyone is born and has a body that will face death but as people fated for death our spiritual life is the outcome of our physical life.

The Lord said, "My heart aches when the ones who I govern live in the midst of sin. They don't know it is sin they are committing until the sins pile higher and higher and build a strong tower but I will forgive everyone who takes down their tower, become cleansed and comes to me. Your pains are my pain; your sufferings are my suffering.

Everyone who lives in the midst of sin, quickly repent and come back to Me. My path is straight and my bosom is wide and deep. I have expressed all of my love for mankind. Repent so that

you don't go to hell. Those who feel it deeply in their hearts will strive with all their might not to go to hell.

Tell them about this hell, let it be told. It is appointed for man to die once and after this the judgment"

THINGS MADE IN HELL

Television

Jesus took me to hell where the evil plan of destruction of the earth was being architected. There I saw projects that will be invented for the earth. I have several electronic engineering works.

The demon showed me and said that new technologies will be invented on the earth to destroy mankind. The devil showed me the drawing of the first old black and white television with its images. Then he showed me the evolution; how it became more modern to attract more people to have them. Churches are being destroyed by such technology.

We were visiting various parts of hell. After visiting the heart, throat and mouth of hell, we visited the mind of hell. I saw satan sitting on his throne.

Jesus said, "This is where technological, chemical, scientific and medical inventions are brought forth to destroy humanity"

Later on, Jesus gave me a revelation of the destruction of homes through television. Jesus told me there are many homes have been destroyed because of television, it has influenced families to practiced evil. It has weakened the prayers of Christians. Their prayers no longer have the power to move my hand. Shepherds who have television open the legality for demons to enter into homes. That's why their kids are on drugs and their wives deluded by the soap operas have dropped their husbands. How many have paid the high price of owning a television? This is the destructive power it causes in the house.

Jesus said that television is one of the reasons that cause the separation between Him and the church. This evil system of technological network has destroyed the woman's marriage to her husband and also the betroth of Jesus and the church. I also saw a Christian being possessed in the eyes. He was facing a television and a demon entered his body through the eyes.

Jesus took me out of hell and took me to Christian homes; I contemplated destruction of their homes because of television. I also had a vision of many broken marriages. The Lord told me these marriages that you see are people who have strayed because of this satanic technology.

The Lord showed me millions of demons of demons that act through television and social networks. The purpose of these demons is to break ties and cause disorder in homes. I looked at a television that was inside a pastor's residence, he did not sleep and it was already dawn. This pastor watched an action movie, an evil spirit entered his eyes. His personality was changed and his heart was hard as stone.

That pastor began to feel jealous of his wife who was working for a company. He followed her every day, one day he saw her talking to a colleague in the company. He went home filled with hatred and jealousy in his heart. When the wife came home in the evening, he stabbed her eight times in the chest. She passed away and the pastor was arrested.

In the vision, the Lord showed me that this pastor watched the series Betrayal and Death every day without missing any episode. This series influenced his mind that he may have betrayal and the greatest revenge is to murder the traitor.

I saw television in hell and Jesus revealed to me how television appeared on earth. The devil appeared to man and said, "I will make you smart and you will invent a device that will make you a millionaire. This will contaminate the minds of the people and corrupt the hearts with sinful desires. The minds will become luciferian marked with the mark of immorality; the images will enter through the eyes that will be unclean."

This has corrupted humanity leaving the evil character and quality of a destructive personality; creating imitators, corrupting minds, eyes and hearts. The sin of this apparatus is diverse and it influences people. It is not easy to live with this generation whose limits exceed those of Sodom and Gomorrah.

We cannot to the devil's entrance into our homes through the television. The Lord showed me a network of television wires. These wires are spiritual and are connected behind the television. They have threads whose one part enters the television and the other part goes down into the earth.

The Lord said, "These wires that go down into the earth go to hell. The spiritual threads connect television and hell. That's why the induction of television is hellish." It leads many to perdition. How many souls would be saved if they did not watch TV?

The Lord took me to my house with a television. He said, "My servant, I will prove to you the connection of television with the kingdom of hell. The thick thread you saw is the path to hell and the television screen is the portal"

Jesus held my hand and together we entered the television through the screen and we went down the thick spiritual thread. We descended at high speed into the wire. The screen is the entrance and the wire is the path to hell.

I want to explain to the church that this thread is spiritual which we cannot see with the carnal eyes. Jesus allowed me to see several wires that looked like spiritual cables. These wires resembling giant cables are not the only entrances that give access to hell. There are several portals that lead to hell.

The Lord showed me a large group of Christians watching television. Many children are in hell for watching television. Jesus told me that technological environment destroys Christian values.

I saw in hell a television in hell that had an antenna, all these televisions on land were connected in hell. I saw the antenna in hell giving out negative energy; this energy rose to earth and connected to the antennas on earth. Today the antennas that receive this energy are modern; satellites also receive this energy from hell. All the technology is alien for they are talking-looking robots.

The computer has a memory storing everything in it imitating the human brain. Alien comes from the word alienation- To alienate is to dominate and to take control of the mind leaving people hypnotized. The Satanists invented the term alien; technology dominates people leaving addicts on cell phones, games, television, computers and social networks. All of these alien instruments induce people to be robotically minded leaving them with a hypnotized look. Society is human robots. Science and technology are being used to do evil.

When Adam and Eve chose to eat of the tree of the knowledge of good and evil automatically demons took control of technology. Adam and Eve brought demons with all their intelligence to rule the world from the day they ate the fruit of science of evil.

The angel showed me the sixth vision; I noticed that there were large-scale production seductive spirits coming out of Facebook and into people's eyes, coming out of video games too. Demons were coming into people's eyes like black shadows.

I was a member of Pastor Kenzo's church, I will record that I stood firm but weakened when he died. I was praying but had a television in my house and the devil was attacking me from that device. The television was turned off yet dark arrows came out of it and hit my mind. I was on my knees praying and I saw arrows coming out of TV and reaching. I felt a headache and

became weak, dishearten to walk into the church and was not having strength to pray. The demon came to my room, I cried out the name of Jesus and expelled him but he did not want to leave.

He said, "I cannot go out for television is my device. This gives me strength and legality in your life. You will never defeat me while you have what is mine in your home"

Television takes away the spiritual authority of a Christian. I had to throw away the device in the trash and the strength to pray returned. The devil never came back.

I was free and the anointing of God was glowing in my life. The deeper I went into spiritual things, the more I renounced the world. I was part of the praise team in the church. Jesus gave me the gift of singing. Every time I praised people felt the presence of God and others were set free. Out of my voice came the anointing of the flames of fire.

When Jesus touched the people, they fell into demonic manifestation. I saw millions of dark shadows coming out of the television in Christian homes. The Lord said these are the dark shadows that come to hit mankind. The demons in television attacked the people who watched the schedules. I saw the number 666 embroil on these darts. This is the Mark of satan that came out of television in the shape of bows to hit people's minds. Their minds are marked with the number 666 and they become impure when they watch the television.

Christians who watch TV are marked with the number of the Beast. The Lord told me that these people have the mind of satan and will not enter heaven. Many believers watching this device no longer have the mind of Christ. Because of television, many have their minds illed with depression; belittling themselves and suffering low self-esteem.

I asked, "Lord, why is the television so evil?" The Lord said, "All that is bound on earth is bound in heaven; Satanists also do the same and all that they bind on earth is bound in hell"

Jesus is charging the church that has a renewed mind; without malice to pray to God to ask for the mind- also stop watching the television.

The angel said this device contaminates the eyes, mind and heart. Jesus wants us to have a clean heart and to stop watching television and to have a sound doctrine; to stay true to it.

Satan has made his plans come true and attacks the minds of God's people to pollute them; when the mind is struck the spirit becomes sick and the body feels these attacks. We know that the mind determines what the body does; when the devil controls the minds he makes people do whatever he commands through mind control.

It is our duty as Christians to be free from the evil that is in the mind. When a Christian manages to free himself from mental control his whole body is free from the evil that comes from television and bad things on the internet.

These seeds of evil are planted through technology and media. The mark of the Beast roots in people's minds, they stay with their perverse immoral lives and loose eternal life. Films, novels, series, cartoons cast millions of evil darts in the mind.

Television lies are implanted within the family; this technology prevents you from having the mind of Christ. Homes that have television are disturbed and there is no peace. Houses that have this device are infested with demons. The church has to renounce this curse for the Word to come and convert its mind; free the mind of this evil for they will be manipulated by this technology.

Close the doors of your mind to television, close your eyes to its content, get it out of your home and you will have a home from the devil's control. Do this and you will be free of the devil's influences and wiles.

That was the message Jesus ordered me to bring the Church, when I was released from television Jesus sanctified my eyes. In my home; when I close my eyes I feel a strong presence. My body shakes when I pray, before my deliverance I did not feel Jesus. I heard a voice that said make a fix, I insisted on sin and felt a strong presence that knocked me to the ground.

I spoke in tongues and my body was taken, the next day I felt the wrath of God every time I climbed the pulpit. I prayed at home saying, "Lord, I feel your presence, why are you angry with me?"

I felt a real voice in my room; it felt like a real person was there. The voice said, "You are in sin, your mind is evil. You are addicted to the television and you watch everything that goes on TV. Take the curse out of your home so that I can operate on your family."

The presence you felt in church was of an evil spirit. I was sad upon hearing this revelation. It was shocking to me, I prayed for repentance for my iniquities. I was a rebellious Christian and was watching pornography on the internet. I was addicted to sex and masturbating. Jesus saved my soul.

Remember that we have to be vigilant, what the eyes see create a desire in the heart; evil moves through the channel of the eyes and makes people commit sin.

Our eyes only work for the flesh. They should not look just anywhere especially in places full of people such as Centre of the city. Satan perceives sin and will work on it. Looking for adultery or

fornication. How many times have I committed adultery in my heart? How many times have I thought of having sex even though am unmarried?

Lord Jesus corrected me; He said, "Sanctify your eyes that your heart may not delight in the things of the flesh. Sanctify your eyes so that you can live in heaven, sanctified eyes do not contemplate immorality. Pornography and all that is useless."

After that correction we no longer have television, we are sanctified and Jesus gave us spiritual eyes. We no longer have TV anymore and it was a barrier to our spiritual growth. Satan has destroyed many families through the eyes. The dark eyes condemn the whole body.

On a church night, my pastor called a missionary from another country; he invited him to minister that night. Holy Spirit touched his heart to speak of rapture that changed his ministry. He said that his life was no longer the same, he became holier; started to pray more and grew spiritually.

I went to a division where I saw the owners of stations, I looked at a man who owned a television station; he was on fire. I asked, "Why is this man here?"

The angel told me that he misled mankind by diabolical films, TV series, cartoons and commercials. This man has a large audience and sacrificed people and offered several offers for satan. Tell the church, warn pastors not to do television programs. All the tithes and offerings of the people go into the hands of these broadcasters. It is used to make sacrifices and rituals to gain more audience. All the money dedicated to God is going into the wrong hands. The money that the church gives with faith is being dedicated to devils on satanic altars.

It is the fault of the pastors who insist on paying for programming by delivering money from the House of the Lord and giving it into the hands of Satanists to offer to demons.

I said to the angel, " But television preach to serve the Word of God. It is a means of communication that reaches the whole nation"

The angel showed me on a screen; I observed the pastor of a large church talking to the owner of a television station. That pastor took all the money collected from the faithful and gave it to the owner of the station to do the programming. There were contracts of millions of dollars to that station. After receiving the tithes, the owner went to the devil and still paid people to kidnap children to be offered as rituals.

He hired actors and actresses to record soap operas and TV series for the destruction of mankind. That shocked me; all the church money was being invested to television for their own condemnation and destruction of their children. All that money being offered in faith and consecrated to God had a wrong destiny and consecrated to demons. I also that this pastor

signed a clause that said it was forbidden to preach against the Satanists' religion, do not speak against series, movies, cartoons, novels, religions, homosexuality, witchcraft and other issues that go against the world system. All these system if you speak against them are to alienate the audience and reduce viewership.

The pastors preach only blessing so as not to affect the broadcasters' profits. The angel told me, "See the shepherds, they cannot preach the truth and denounce sin"

The document the pastors sign is diabolical strategy; they can only speak what the broadcasters want, many still pay dearly for these schedules. They cannot speak against the abominations that the television and cannot preach against their lies. All those who make television programmers are making covenants with satan; investing money to spread lies.

The true servants of God are separated from the powers of Babylon; the prostitute that pollutes the world through television. Tell leaders not to fund satanic broadcasters; tell them to denounce broadcasters who multiply iniquity lest you become a partaker of hell as them.

These skeletal forms of pastors meant that they were spiritually dead, blinded by the ambition of ministerial growth. I pray the Holy Spirit to awaken them and to resurrect their spiritual life from the dry valleys of iniquity. The demons weakening the children said, "They were innocent came; I made their minds corrupt, they are malicious and some of them practice early sexual life"

Many people questioned me saying that Jesus took a child and said the kingdom of Heaven belongs to them and to enter one must be as little children. When Jesus took that child He knew of his purity; Jesus would never take an impure child and speak that he is of the kingdom of heaven.

The children who mocked the bald head of Elisha were rebellious and were devoured by a bear. These children who mocked Elisha are imprisoned in hell. I did not know they were them, I realized that they were of ancient times because of their robes. Rebellious children in the times of the prophets were few. Jesus was able to find a group of pure children. They were innocent; it is now almost impossible an 8-year old child with such purity.

Technology, media, movies introduce evil content into their innocent minds and pure hearts. Jesus looks at the children of today with much sorrow and would never speak that these belonged to the kingdom of heaven.

Adam and Eve were pure; when they used their eyes to sin by coveting the forbidden fruit. The sin of the eyes is when a child looks at television. The child will begin to covet what the actors

and actresses do. Adam and Eve coveted and sinned, their destiny was expulsion from paradise. When I meditate on the Word I realize that every child is born with the root of sin.

These children are destined for the kingdom of heaven but when they begin to watch television, all their innocence is lost as that of Adam and Eve. The root of sin in their soul begins to wake up because of these things. The child loses the salvation of life in the same way Adam and Eve lost their right to live in paradise after losing their innocence.

Adam and Eve became immoral that they hid from the presence of God. They became ashamed of their nudity. That is what happened to those kids I saw in hell. They liked to see electronic nude; getting malicious like Adam and Eve.

The devil always wanted to corrupt children's souls; the sooner this is done the greater the number of children who will be dragged to hell. In ancient times it was difficult for a child to go to hell. Their level of purity was holy. These days Christian children are going to hell. The causes of these deaths are accidents, illnesses, suicides and murders.

If you love your child do not let them watch television, do not buy video games of violence. Occupy your children with the work of Jesus equal to the prophets Samuel and others who were delivered to the service of God..

You and your household must serve Jesus starting with the example of the parents. The television is the greatest devil's play. His instrument of home-based corruption. It is easy to corrupt the minds of adults, imagine what happens to children who do not know how to differentiate between reality and lie. Television corrupts everyone.

The Lord showed evangelic pastors signing contracts with satanic broadcasters, in the contracts it was written "it is forbidden to speak against cigarettes, drinks or even sensuality, homosexuality, transsexualism, lesbianism and feminine beauty products like lipsticks and make-up"

The owners of the television stations make a clause in the agreement with the televangelists that if violated their programmes would be taken off air. Television channels depend on the viewership of audience and preaching against sin causes the viewership audience to fall.

No one wants to watch a station that rebukes sin nor can you speak against short clothes and hair dyes on a station. The channels have a contract with fashion companies and give hair dyes. Vanity companies pay dearly to the broadcasters to let them present their commercials to the public who watch the ads.

Any Christian preacher who speaks against vanity within television harms business commercials. The marketing that cigarette and beverage companies do on the broadcasting

networks generate huge profits for the channel. Any pastor who preaches against cigarettes will lose their contracts. The owners of the TV station would not want to lose advertising money because of preaching.

Any man of God who wants to preach against sin will not be given a contract in a television network. That explains how evil television is. In hell, television was designed to spread sin on all face of the earth,

I said, "Lord, what are evangelicals going to do in these stations if they cannot preach the truth?"

Jesus answered me, "Neither is my new wine poured into the old wine's skin of this earth. My Word is new and all that is new cannot be preached in old wine's skin." Television is old wine's skin and will not support my new wine of the Word. It was made to contain the old wine of this world. The new wine which is my Word has to be stored at the altars of the church.

I saw in the clause of the contract written that talk of healing, blessing, miracles, riches, self-help, self-esteem, prosperity and sentimental formulas. These doctrines are allowed to be preached because it increases the number of audience for the broadcasters. Everything that is said on television cannot save to eternal life.

Jesus said, "Because television is Satan's, it is forbidden to speak of my truth. These men you saw preaching in the stations are not my servants. They have no commitment to my Word, they sign these evil contracts. They think of their stomachs, wellbeing and making money"

FASHION CLOTHES

The purpose of manufacturing and production of clothes in hell is to weaken and neutralize the spiritual lives of believers. Detimentry is one of the efficient channels by which the archenemy of God is paralyzing the spiritual strength of believers.

We must understand that there is power in the clothes we wear. There are satanic forces and manipulation that is weakening our spiritual life.

When Jesus appeared to me, He showed me what will happen in the end of time. He showed me how believers will be left behind because of little things.

Christ said: the enemy knows that believers have understanding about the habits that pulsate them to hell and cause them to miss the rapture. Therefore in this end time he is resulting to little things that is not catching the attention of believers.

The devil is using things that seem negligible in order to outsmart the believers and win their soul. The negligible things are items and articles that we use every day.

Jesus said: I want to show you why many are going to miss the rapture.

He took me to a place beneath the earth where I saw demons working. They were very busy and they seemed satisfied in their undertaking. In fact I saw them conceiving, creating and inventing stuff that the people of the world use. They seemed satisfied by the fact that they were successful in their work.

I asked the Lord: what are these inventions?

Jesus told me: the devil is at the core of these designs and invention of objects and articles that men use on the earth. His inventions cause the user especially Christians their minds and thoughts focus on the things of this world.

Jesus said: These objects have power that divert and deviate the hearts of the people far away from God.

These objects and articles were little things but the devil and demons have tied them with power and demonic forces that drive people away from God.

These objects are so popular that they influence and bring about manipulation distancing the user from the gospel.

There is a seductive power over these items and objects designed in the realm of darkness which are supposed to bewitch all Christians and the entire world.

Beloved, demons invent and design objects that we use on the earth. These items contain power which is meant to destroy our commitment to the Lord. These inventions and objects contain seductive power that is likely to destroy our spiritual life.

The food we eat, the clothes we wear, the television we watch, the computer gadgets are charged with demonic power to destroy our spiritual life.

They destroy our daily bible reading, faith and attachment to the Lord. Certain clothes and cosmetics, certain foods, certain technological inventions like smartphones and computers affect Christian lives especially the meditation of the Word of God.

These objects captivate and influence us to focus our eyes on the things of this world. We live in evil days therefore we must be cautious and flexible. We must pray for every item we buy because the subtle devil is clever.

He works in various ways to move us away from the narrow path. The strategic objective of the devil is to weaken the spiritual lives of Christians through fashion clothes, processed foods, cosmetics and so on.

We must understand that each new invention in this world constitutes a point of contact. These can be fashion clothes, foods, technology or artificial hair.

The devil uses whatever we use on earth to destroy our prayer life. These items are designed underneath the earth are engraved with marks and seals that bewitch humans.

Before this revelation I put on a short dress. It was red, tight and sexy. I was getting ready to go to church. A demon appeared to me, he seemed to be in the same red dress. He was transfigured in my appearance.

He said: Your lipstick is very beautiful. That color of your dress makes you very seductive. Never take off your make-up. Inside that cloth is a spirit of sensuality.

My friend, I screamed and the demon disappeared. My husband rushed to me to check out what was wrong. I told him what had happened.

He said: I already told you to give up vanity.

I have no strength to give it up; I did not take off the dress and we went to church. Men stopped and looked at me, they seemed mesmerized. This has never happened to me, it was the first time I wore that outfit. It spread an enchantment and I felt powerful.

When we got home, I said that I would give up the dress even though my heart was cut. My husband told me to burn it because he did not want me to give what is evil to others.

When I threw that dress on the fire, I saw a demon coming out of it. It was the demon of seduction that possesses any woman who wears that kind of cloth. The sensation that I felt as a powerful woman was sensuality.

I was able to renounce vanity; my husband opened his own ministry. Because of our pastor's liberalism, I was already receiving revelations. I prayed and gave up vanity but my wardrobe was still filled with all the worldly clothing.

Jesus said: Go to your wardrobe, I went. He said: my maidservant says she is delivered from vanity and sensuality. I answered: Lord, I dress well, I cover my shame.

Jesus said: All the memories of the past are in your house, you have not forgotten the past. Satan brings the past back to your mind, feeds your desires. It means that you did not forget

the old creature. You did not get rid of those things. I do not like that. You still have sexy clothes and bikinis in your wardrobe.

You have earrings, necklaces, bracelets and miniskirts are there. You are still connected with the world. The demons will fight against your weakness; you will not abandon the world completely. What is not good, you still use and keep; you still have your heart in these things.

I will judge your heart; my Word says that all things will pass away. Behold all things have become new; you need to be reborn and become a new creature. You need to be separated from the world. Sanctify yourself more if you want to live in heaven.

I mention the name of Sister Laura who dress in white and long dresses looking like a Muslim.

Lord, she is a great servant of God. Jesus answered me: she lives in a serene appearance. She has bitterness in her heart; she has hatred towards her husband who abandoned her. Her clothes cover the reality of this woman; not everything that glitters is gold.

I was frightened by the revelation that Jesus gave me. Jesus revealed to me the names of several satanic clothing. People made pacts to sell clothes to the whole world. The clothes are consecrated and evil legions enter them. They have evil thoughts that influence everyone who wears them. They influence people to buy and the success of the sales brings great profits to the satanists. These consecrated clothes hypnotize people to buy them.

The dress that I burnt was consecrated to the devil. Lord Jesus showed me how the owner of the industry cut his hand to shed blood at the time of buying my dress. The Lord showed me the different clothes that are designed by demons.

They are prepared and intended for God's people especially those who have holiness and live in the fear of the Lord. If a believer is buying one of these clothes; a door will be opened and you will be affected in one way or another. If you are a Christian and you live a life of holiness and you buy this clothe; when you put it on you are going to be affected.

In case a garment is attached to the spirits of fornication; when you wear it you will end up being influenced by the unclean spirits.

We must understand that the industrial complex of hell is designing fashion clothes of all kinds. Whenever you put on a garment that is attached to demons. They will influence, manipulate then possess you.

Many children of God are manipulated by demons attached to clothes. At the end of the day, if a cloth I attached to the demon of anger, you will fall under the demon's control. Many of the clothes are attached to unclean spirits which is pride, anger, vanity, sensuality.

Long after buying these clothes; the victim will start manifesting a particular compulsive behavior. Many God's children contract demons from clothes designed in hell.

In hell I saw male and female jeans; I saw jeans skirts. This cloth was made in the gallery of hell and the cloth was consecrated to never go out of style. Men and women of God, never use this cloth.

I saw jeans fashion in hell; I saw torn trousers, sneakers. I saw tennis and a factory where demons produce sneakers with the brand Nick, Olympiucos, Addidas and other brands.

These brands are successful on the earth because they are consecrated to the devil. Do not wear sneakers. I watched as the soles of the sneakers opened and inside the boot there was a tongue that came out and I could see the sharp teeth.

I saw many brands of clothes that are used on earth. The stylists take up designs from hell. Demons wear these clothes to mock models. I saw the demons cat walking and influence models.

I had a vision of a great parade; the demons paraded the same models. The owners of companies make pacts and receive information from hell how they should produce the clothes and the mediator of the covenants of the sorcerers.

The designs on the shirts are figures of demons. In hell a demon showed me a machine that produces a variety of men's and women's shorts. It is the new fashion that will arise on the earth. Warn them that if the shepherds do not stop wearing shorts will end up in end in hell. Women should stop wearing thongs.

In hell I saw women who wear long trousers also those who wear short trousers, I saw sisters in hell for wearing skirts at top of their knees and I also saw women wearing skirts glued to their bodies.

I saw Christian men for wearing tight trousers, I saw sisters in hell for wearing cracked skirts and high heels. I saw those who walk without shirts. I have seen brothers who are in hell for wearing sleeveless shirts and those who wear shorts like normal clothes and go out in the streets.

Those who I have seen are brothers of various denominations, sisters wearing high heels are also there along with those wearing jeans skirts. Do not wear jeans because it is tight and causes lust. Men also, do not use this cloth because it is consecrated to devils.

Do not wear sneakers because it is created for those who practice sports that is also of the devil.

I saw shirts with brand names that belong to the devil. Christian clothing is suits and for women skirts below the knee. Christian men and women wear sleeveless shirts.

Jesus said: Those sleeveless shirts that show the armpits are not appropriate for use.

In another vision I saw entrepreneurs making covenants on satanists altars offering their clothes in order to sell in the four corners of the world.

The demon responsible for this covenant appeared and asked for their souls in return. The conditions that the devil put for the sales to succeed was the production of sensual clothes on large- scale for success. They were not going to produce decent and respectable clothes or long clothes that cover women's bodies but tighter clothes that are revealing and seductive. Those businessmen accepted the terms of the devil.

For temporary success and all the things that they will behind when they die; they sold their souls to the devil. Souls that have so much value to Christ sold for something that is fleeting and not eternal.

The sales of the became excessively successful; I came to understand how much satan can corrupt a society and stain the world's culture. This has grown on a large-scale and entered the womb of the church.

The angel said: Christians should dress in a holy way but also to watch their tongues. The angel told me to meditate on these verses that speak about the garment. Exo 28:4, Lev 16:32.

He revealed to me the true robe of the priest of Christ. Our duty is to dress in a holy way that does not cause scandals.

One day I was watching pornographic films, I saw two female demons of catwalk models come out. For those who dream the modeling career, do not follow. There are demons who rule the fashion industry in this world.

These clothes began to be manufactured on the ground, businessmen made billions of dollars from these clothes consecrated to hell. When these demons transfigured into two beautiful, sexy women. One of them looked at me and said: you are looking at this man and woman having sex. You knew that they are no longer on earth but you are having desire for this woman. She is suffering in hell at this very moment and experiencing torments.

That demon became a pornographic actress and was naked in front of me. He said: I know you want this body. The demon became a skeleton and wanted to hug me. I was terrified and ran. This demon entered the television and said: when your brother is watching these movies I will own your body.

The other demon said: there is a spirit of ours within you. I struggled with the demon inside me but I could not control it. This demon made roll and dance against my will, I could not stop the movements of my body.

He said: it is I that used you to seduce the girls; you know why I have access to your life. It is because of the short and sexy clothes you wear. I did not know that I should not be walking around in sexy clothes. The ancient priests wore their breaches under their robes. Lev 16:4

I was in hell and we kept walking until a section where people are. I saw a Christian woman. The angel said: this person is in hell for wearing a beach bikini. Satan created the bikini for people to walk naked on the beach. It is not meant for Christian women to wear this cloth.

There are many women who wear this diabolic cloth under the skirt and many wear transparent clothes and underwear.

Jesus showed me a priest in priestly garment; very ancient in the time of Moses. I asked: what does that mean? Jesus said: You do not understand the vision; I want my people in holy robes twenty four hours a day because you do not know when I will gather your souls. As the priests wore holy garments when they entered the tabernacle; I want the people to come in my house in decent clothes when you come to worship Me. Many have committed sin of the eyes because of lustful desires of these unholy robes. The holy bodies are corrupted in these sensual garments and My house has been defiled with the sin of nakedness.

These women are stumbling blocks that cause carnal desires to create evil desires in men's hearts. There are abominable things in My servants' homes.

In hell I saw tight skirts and skirts with cuts behind them, also shirts with labels. The demons are responsible for these garments.

FOODS OF HELL

The purpose and the production of food in hell is to weaken and neutralize spiritual life of believers. Food is the most effective channel by which satan; the archenemy of God is palletizing the spiritual strength of believers. We must understand that there is power in most items including food that we eat.

There is satanic forces and manipulation in food that is weakening our spiritual life. I was visiting hell and I was seeing the production and transformation industry.

I was told that demons in this production centers were fabricating food and clothes. They are sending them to the earth for the world population.

The demon said, “we send food and clothes that we make here”.. Beloved, the scripture says pray without ceasing, give thanks in all circumstances. I want to speak and get your attention about food.

As Christians we are in the habit of giving thanks to God when we are about to eat and drink. We like to praise God for in hell I saw large kitchens with demons preparing poisons that they put in processed foods and send them to earth. The place was like a chemical plant, in the kitchen demons were making poison and in the soil were formal hydrogen peroxide, sodium and hybrid sugars manipulating flavorings.

In this kingdom I saw demons cast a great smoke on top of vegetables and fruits that we buy in shops. They did the same with medicines that we buy in chemists. I will not go deep; I am no doctor, I only report which God showed me in revelation. If you are a true Christian you will buy everything you want but remember to ask God to purify the food you want to eat.

I was in prayer and the Lord opened my spiritual eyes I came to see the realities of the spiritual world for I saw what the physical eyes cannot see. I saw demons walking among humans; I saw demons in certain points.

I came to understand that these demons cause traffic accidents. I noticed that places like markets and roundabouts were attraction for demons. Actually I could not go to the market when my eyes were opened for the things they were selling. As a matter of fact, lots of foods that were sold in the market like meat and fish were not what we thought they were.

I looked at where they were selling meat and fish; instead of seeing meat and fish I was seeing something else- I was seeing human body parts.

I saw in the market they were selling human body parts. I was able to see it because my spiritual eyes were opened but with my physical eyes the human body parts were meat and fish. Most people buying meat and fish had no idea what they were buying. We really don't know what we are eating.

I remember one day when I was in the market and people were selling fish but when the Lord opened my spiritual eyes they were human fingers.

We should pray before we eat because what we see with the physical eyes are not what we think they are. Our eyes cannot see the real nature of the food being sold to us and we do not realize their effects.

Later the Lord Jesus appeared to me and said that the foods that we eat on the earth are not fine. He said, “I am the Creator; what I have made with my Own Hand are good for consumption and good for health. However, most of the food that you eat on the earth have

gone through processing and are not good for consumption. From the moment natural meat goes through processing they are no longer good for consumption”

Jesus said to me, “You are living on an earth that is ruled by an evil prince, he is wicked and leaves no stone unturned. He is using food as a channel of influence. His forces have surrounded the earth. Tell those who belong to me to pray for every food that they buy in the market” They must apply my blood to clean it so that it will be beneficial to their health.

Jesus said many foods entering many countries are detrimental not only to the body but also to the soul. He also said, “Most of the processed food that you eat on the earth are dangerous. The prince of this world is working with agents that are collecting babies even in hospitals and they are transporting these human bodies to their industrial complex and transformation plants where they have all kinds of machines. They are transforming human bodies into meat and fish and they are placing them in cans and the population of the earth is eating these foods.”

You must know that all the meat you eat on earth are not necessarily animal they are human meat. The Lord said, “Even fish that you eat are not meat, they are human; you must apply My Blood before eating them” You have to understand that the hospital is a place of intense demonic activities.

“I was inflicting myself with illness in order to be hospitalized and start working for the enemy in the hospital. Once hospitalized I was killing babies in the maternity ward; many people do not pray for babies that are in the womb. It was my mission to attack babies in the maternity and I was transporting their bodies to the world of satan. These fetus were undergoing processes and they were finely tuned and were turned into chicken. This mission was three-fold; We were to put the chicken into circulation

I was attacking fetus transporting them to laboratories where they would be transformed into chicken and later sold on the surface of the earth” The bodies of women who fell victim to human sacrifice were also transported into the dark world and they were supposed to be put into machines to undergo processing in the industries of the enemy. The waste of these bodies were turned into turkey waste and were sold in the market. Bodies of men that were sacrificed were also put in the machines of the enemy. Men’s organs were turned into sausages.

There are consequences when you fail to pray when you are eating these foods. Jesus said, “Lotion on the earth are not spared. Only a handful of them are good but the majority of them are designed in the land of the enemy” We have to pray before using them. Then Jesus talked about the clothes that we wear on the earth.

Jesus said that the clothes you wear on the earth are cursed and the enemy has attached demons on them. Jesus said, “There are clothes attached with sickness and many have spells on them.”

When you buy a cloth that is attached with fornication, you will come under the spirit of fornication. Jesus said you must sound the alarm so that those who are Mine may take measures and pray.

Jesus talked to me about the magic cubes that moms use in sauce. He also talked about the ingredient ved. When you search its name in the English Dictionary the word ved is describes as a mysterious and satanic book; you will see that the word Veda is added. Jesus warned me that food ingredients are bewitched.

He told me that you should tell mothers on the earth to pray before using them. Jesus said they must apply My blood before putting them in their sauce otherwise the food consumers will be bewitched.

Jesus told me the word Veda is the same used in Vodka; the just changed the e with an o. This is the devil's signature; whenever they put a product in circulation he likes to put his signature which is hidden in the inventions.

Indeed the technology of cellphones comes from him. When I enter the market I often feel uncomfortable because it is the dumping ground for demons. Whenever it extends Lucifer has already allocated six legions of demons in every market place and every legion is made up of thirteen thousand demons. When you go to the market, pray that you are the protection of the Blood of Christ and the guidance of the Holy Spirit so that the Spirit can lead to buy products that are not contaminated.

There are horrible things that people buy and eat. When people eat them, Lucifer succeeds in two objectives. The first is to harden pagan's hearts so that they do not give their life to Christ and the second objective is to harden Christians' hearts so that they decrease in the faith.

You will that the way you were serving God before and how you are serving Him now there's a big difference and then the devil lures you into a curse because the Bible says in Jeremiah 48:10 a curse to anyone who is lax in doing the Lord's work and Jesus adds in Revelation 2:4 and yet I hold this against you. You have forsaken the love you had at first.

Consider how far you have fallen; repent and do the things you did at first. If you do not repent I will come and remove your lampstands from its place.

In hell I saw them conceiving and inventing the stuff that the people of earth use on the surface. They seemed satisfied that they were successful with their work.

I asked the Lord, "What are all these inventions?" He said, "The enemy, the devil is at the core of creation of design and objects that men use on the earth" These objects cause the users to focus their minds on the things of this world.

Jesus said, "These objects have power that deviate and divert people from God. These objects are little but the devils have tied them with satanic forces that drive people away from God yet these objects are popular. They influence people and bring about manipulation by distancing the user from God."

There are seductive powers over these items designed in the realm of darkness which was supposed to bewitch all Christians in the population of the world. Demons design and invent items and objects we use. These contain the power which is meant to destroy our relationship with the Lord.

The food we eat, the clothes we wear, the computer gadgets are charged with demons to destroy our prayer life. They destroy our daily bible reading, they destroy our attachment to the Lord.

COCA COLA

The bible say: I come soon; happy are the people who keep the words of the prophesy of this book. I want to give my testimony that I encounter Jesus in 2012; I was in the occult and the works of the flesh. After I came to Christ it was clear that I suffered oppression especially in dreams. I was being hunted by the things of the past; I talked about this in several churches but never in social networks. I feel that I need to share this and I was convicted by the Holy Spirit.

First I want to read in the book of Acts

2:16 But this is that which was spoken by the prophet Joel;

2:17 And it shall come to pass in the last days, saith God, I will pour out of my Spirit upon all flesh: and your sons and your daughters shall prophesy, and your young men shall see visions, and your old men shall dream dreams:

2:18 And on my servants and on my handmaidens I will pour out in those days of my Spirit; and they shall prophesy:

2:19 And I will show wonders in heaven above, and signs in the earth beneath; blood, and fire, and vapour of smoke:

2:20 The sun shall be turned into darkness, and the moon into blood, before that great and notable day of the Lord come:

2:21 And it shall come to pass, that whosoever shall call on the name of the Lord shall be saved.

My brother, I want to tell you that being a slave of occultism and the works of the flesh is the worst feeling ever. I came to Christ and I was handed a bible where I read and learnt progressively. I suffered from fear; this was from the oppression of evil forces. So I did three days of fast, I was doing a lot of prayer at dawn. It was during this time that I got this revelation.

On the three days I was drinking water early in the morning, I prayed fervently and I got tired; I slept. When I got up later something was wrong, whether in the body or out of the body I do not know.

I saw a pretty deep cave very dark but when I looked on the ground it was illuminated by light that enabled me to see. The experience was supernatural; I was descending on a canon and when I reached the bottom I saw three devils.

These demons were disfigured; they had legs like horses and had no hair. Something completely deformed; I realized that I was actually in hell because the temperature was so hot. It was really dark but there came a light that enabled me to see; I observed these devil in close range and when they saw me, they pointed and said: Look, who is there?

They said: what are you doing here; you should not be in this place. I said to them: what are you doing here? While I was observing they were working on glass, they were loading some boxes. This kind of house I had seen previously on earth; it was covered with cobwebs. The demons filled the boxes with bottles and they seemed happy.

They said: we are going to show the product to the master. I watched as they put one box upon another in this installation. I saw a devil take out one bottle and it was Coca Cola.

I said: Holy Father, what is the meaning of this? He said: Coca Cola is the number one product sold on the earth.

These devils said to one another: Thanks to this product; our father Lucifer no longer needs to bother himself to tempt humanity, he does not need to deploy a lot of effort to kill. Many attacks will not be needed. Humans kill and destroy themselves because in this product there is so much cirrhosis, there is cancer, decalcification of the bones and many sicknesses.

There are many people who are addicted to this drink. Thanks to this products millions and thousands of people have died prematurely by cause of diseases, people die and arrive much sooner in hell.

He took the bottle from the box and lifted it in the air; the demon said to me: Listen well, this product is manufactured here and the recipe is ours. Therefore everyone who drinks it will become a partaker of these diseases. It will deteriorate his body and shorten his life; that is why it is so addictive.

I was lifted and suddenly I was in my bed; I started to investigate and if you see the whole history of Coca Cola you will find it on the internet.

I found a testimony of drug trafficker and child kidnapper. He is a satanist and revealed how rituals and rites are done by managers of different companies especially the manager of Coca Cola. There was a human sacrifice in one of the rituals for the success of this drink called coca cola. There are consequences and implications to the people who are addicted to this drink.

SOCIAL NETWORKING

I was in prayer when I suddenly began to see a vision; I saw a mouse trap and saw something like a piece of cheese in the trap. People wanted the cheese but failed to see that it was a trap. People were stuck in this trap when they went to take the cheese so I asked God the meaning of this.

The Lord said many of My people have fallen victim in the trap of social networking technology like what Sapp, Facebook and others. Many of My servants who are using these social networks are caught in the trap of the enemy. They are all prisoners and are caught one by one in the trap.

I was in prayer many years ago and the Lord appeared to me and said, "Servant, new inventions will appear that will alienate my people by creating a zombie church. The evil darts will cause spiritual paralysis and will be discouraged to seek Me out.

These future technologies are being architected in hell and will rise on earth soon. They will come with a spiritual force."

Jesus said, "Modernity, vanity and technology have contributed to the fall of many. All of these have been a major problem to the conversion of the true church"

The Lord said, "Servant, technology will launch an instrument called social networks. Today, you have no idea what this. They will destroy marriages; there will be prostitution and demons of lust and sensuality will have men and women who will make servants of God stumble upon the sin of the eyes. Tell My people to get away from these demonic people who will come with new inventions."

At the time I did not understand but with the invention of computers, then came the internet. Today I can explain better; first the demons I saw who invented social networks. These demons were beautiful, seductive women; their goal is to destroy marriages. They were happy and they have managed to destroy marriages. Demons of sensuality have encouraged sisters to walk in

sensuality. These demons were happy because they have thrown young believers into prostitution and causing many singles to fornicate.

I had a vision of a demon entering the computer through social network. It caused divorce and destroyed many marriages, encouraged children to have sex and immorality and encouraged people to have sex without compromise.

Those women who were demons had various seductive techniques to cause men of God to fall from the faith. The purpose of these demons is to use a woman to cause jealousy in marriages and relationship and create weaknesses through quarrel. They take advantage when the marriage is lukewarm.

These demons were determined, patient, sensual and had all the weapons of seduction. They choose attractive people entered their bodies and their targets were men and women of God. The goal of these demons is to approach as friends and seduce by hypnotizing the minds of believers to illicit love. Demons of lesbianism use tactics to lure women to conquer others; Demons use men to seduce married sisters and take them out of the church. They seduce men to fall into prostitution.

These demons of seduction make great efforts to make many to fall from the faith. They were happy to do their work. In a vision, The Lord took me to hell; precisely the mind of hell and I saw satan sitting on his throne.

Jesus said, "Among the darts that undermine the spirituality is technology such as internet, television, social networks and secular music."

I saw the demons planning to hide the darts in these things. Any Christian who gets involved with these things will have their spiritual life attacked. The demons will not attack the church which makes alliance with the world for these are theirs and live for them.

In a vision, the Lord showed me a desert; I was in the center of this desert. Suddenly, there was a very large earthquake and the ground was shaking. As a result the ground opened, the hole was the diameter of a football stadium.

An angel in this vision said, "Pay attention to what you will see" I saw many people at the edge of this pit. They were drawn by this pit; there were people of all colors, all ages, races, languages and nations. I saw many people and servants of God holding bibles.

When I looked at the people on the edges of the abyss. The angel told me, "These people you see are all those who have signed and written their names on Facebook which is this pit leading to the abyss"

As I looked I was also on the verge of falling in the abyss, I was holding the edge of the abyss. My upper was on the surface and my lower part was in the abyss. This angel of the Lord said, "Pay attention and see what will happen."

Immediately there was an earthquake and the ground was trembling and the people of all colors, all ages, races, languages and nations were falling into the abyss.

The angel said, "Take your name out of Facebook" I looked and saw new people had arrived at the edge; a new batch of people of all races, languages and nations and they all fell into the abyss but I did not because the angel held me. All this was in line with the detachment of apology.

I was in prayer when the Lord took me to an auditorium. We took a place among the multitudes of demons and humans who were attending a conference summoned by the devil. Once we took seat in the meeting I saw lucifer's throne that was elevated on a platform where all the participants could see him. There were a lot of stairs to climb to reach the throne of satan.

We were all waiting and expecting the arrival of the devil. You cannot imagine the people who were in this luciferian meeting. If you could only see the people who design the clothes we wear, if you could see the demons who make the food we eat and devils who design the electronic gadgets and new media that we use you will be horrified and shocked.

It is only by grace that we survive and overcome the system of satan and his grip on the world system. Note that whatever humanity use on the surface is charged with manipulation power and enchantment starting by the water we drink, the food we eat and the electronic gadgets that humans are addicted to.

In this meeting I saw prominent medical doctors from all over the world. The participants came from all over, I saw chinese, Indians, Americans and Africans. Every one of the participants was giving an account of their progress of mission and assignments.

Servants of satan are active for they have to give account to the hierarchy. We were in this meeting when suddenly there was an explosion. It was the arrival of Lucifer.

He was very angry and the moment he landed he said to the audience of demons and humans, "You have failed in your mission and you have let me down. The task I gave you was not done properly. The disciples of the Righteous Man are undoing our activity. They are cancelling and nullifying our actions. They are releasing our captives and destroying our traps.

Their prayers are neutralizing our undertakings. These Christians are even using FaceBook and other social network platforms that we had set up in order to preach the gospel but you must

counter them. You will have to disguise yourselves as men of God preaching holiness in order to connect with them. You will use social networks in order to trap them.”

Immediately I saw the devil calling the demon that was in charge of whatsapp to step forward; I saw that the demon who designed whatsapp had seven heads, seven feet and seven hands. If you see the spiritual world that is ruling the physical world you will be shocked.

I saw the demon of social networks asking Lucifer to increase his power. The devil asked demons to get instruments so that he can increase the power in social network in order to trap Christians.

The Lord showed me that many had betrayed their wives. I saw a married man going out with a young woman in the praise group. The second vision I saw a pastor betraying his wife in social networks. I saw an evangelist making a date with a woman through whatsapp. This woman was a prostitute, I saw a female demon possessing this woman to overthrow the evangelist.

I saw the demon who commands whatsapp; he is terrible and a soul-winner that knocks down many servants of God and I saw the demon who runs facebook. Together these demons are doing havoc in the church.

I discovered two areas in this 21st century that the demons are attacking. The Holy Spirit told me that these adulterous men are not worthy to stand upon God’s holy altars.

The Holy Spirit showed me millions of photos of people who were trapped inside a giant cage, the Holy Spirit said, “Pray for all the souls who are imprisoned in the cage. There is a Satanist who has entered social network; marked thousands of people and is using black magic and has killed many. His targets are the people of this evil network created by satan. Every photo you saw is in danger. There is a Christian who is being targeted.”

Many Christians are drifting away. The youth are leaving church and entering into drug addictions because of these spells of these wizards of facebook. Raise an urgent cry for all the people who use these network.

I saw the devil who created whatsapp, a legion of demons came into whatsapp and many souls are in hell because of this little app, pastors who betrayed their wives through that app were in hell. I saw young people in hell making adultery encounters through whatsapp.

The Holy Spirit showed me a man who was repentant; the devil deceived him; he used a beautiful woman. That brother did not resist her beauty and went to her house to prostitute. The boyfriend of the woman found them lying in bed and murdered the two. This believer was sorry for falling into temptation.

I saw the facebook creator and many brothers are in hell because of facebook. He has a legion of demons and these demons use beautiful women to overthrow many believers. These demons made women expose their nakedness and cause many to sin with their eyes. Another Christian was in hell by being addicted to facebook. He was killed by black magic.

A strong wizard met this young man on facebook. He took advantage of his spiritual weakness. Satan had asked the sorcerer to take the soul of this young man, he was there in hell.

HIGH HEELS

Beware of high heels; it is satanic drawn from the throne room of Jezebel's. In Isaiah 3:16, And the Lord said because the daughters of Zion are haughty and walk with stretched-out necks and their shady eyes. As they walk and tingle; in that day the Lord will take away the bravery of their tinkling ornaments about their feet and their round tires like the moon.

Jesus revealed to me several names of satanic clothing industry who have made pacts with satan to sell their items to the world. The clothes were dedicated to demons and demons came into those clothes that were to be put into circulation.

The sheets had perverse force that draw people to buy them. The products of these entrepreneurs were very successful and they had made great profit. These clothes dedicated to demons hypnotized people pushing them to buy them.

We must know the models, stylists, fashionists and designers are not always the creators because the demons are into fashion and the new trends.

I saw a demon firing an arrow in the spirit world to a fashion designer. The arrow was an inspiration and this came as a thought in the minds of the stylists who did not know they had created a product already set in hell which will be sold all over the world and eventually enter the church.

The purpose is the church of Jesus. The goal is you who is in relationship with God. I was watching everything in this section of hell. The pants; yes in hell they conceive the clothes that women wear including men.

The Lord also told me to tell His children to get rid of their shoes of pride. When He said that, I started seeing a vision and in the vision I saw high heel shoes, I saw boots. The Lord had told us earlier that high heels give pride to His children and because of this pride they were landing in hell.

The Lord told us so many things that we did not know before; such shoes cause women to feel better than others. All women who wear these shoes if they are honest will confess that this is how they feel when they wear them. They feel exalted and everyone's attention should be brought on them.

The Lord said, "Tell My children to get off those shoes. Do not wear shoes that make you proud. Pride will lead you to this place of torment. Tell them that everything that is highly exalted will be brought down into the pits of hell."

Everything that makes you proud leads to hell. You will be shocked on that day when Jesus tells you are going to hell simply because of a shoe. We should humble ourselves because all those who rise up will be humiliated and those who humble will be exalted.

We should remember that hell is real a place as this earth and let us live a holy life. Then I saw a businessman in the high heel factory. He was happy for his large-scale production of high heels. The more he produced, the more he was in rich. His countenance changed; it was no longer of him but of a possessed person.

I see how much satan wants to shift the world according to the model of sin. The angel took me to a church where the sisters use those high heels. I saw serpents coiled in the ankles of the sisters.

Each sister who wore the shoes brought lust in the hearts of married brothers. I saw married sisters seducing married brothers in the church. Many brothers left their wives who dressed like holy women and traded them for evangelical whores.

I saw men committing adultery in their head, coveting the whores in the church. I saw a demon with a four inch high heel that was climbing to the earth. The Lord said He did not want Christian women to be artificial. He said He doesn't want them to use artificial hair, jewelry, earrings etc. He wants them to be how they were created. Be proud of how you were created.

There was anger in His voice, "Why are you changing the way you were created. I don't want those things on my children. If you want those things why don't you make your own humans and put those things on them?"

I asked, "why does this demon behave like that?"

The angel answered me, "He is the demon of sensuality. He participates in parades of sissy queens and catwalk. Many servants are already wearing their high heels" I asked, "Who are they?"

He said, "They are demons of divorce; they cause destruction in the family. They know that marriage is one and they make people to divorce."

Immediately I saw demons who claimed to be humans walking with make-up, artificial hair, artificial shoes, painted nails and trousers made for women. They moved like human beings and people started copying their dressing.

These high heels had their own purpose back in time in china- to raise the feminine body parts to be more attractive and prostitutes started it. You can have beautiful shoes if you want but a lot of men say that it's tempting. That's why it is important to open up our hearts.

In a vision the Lord Jesus explained to me that they belong to demons and women who wear them consider themselves as special and unique creatures. He said that they bring pride to women.

The bible says do not love the world and anything. If someone loves the world, the love of the Father is not in him for all that is in the world; the desires of the heart, the desires of the flesh and the pride of life is not from the Father but from the world.

I saw women in hell for wearing short and long pants; I saw sisters for wearing skirts above their knees and women wearing dresses stuck to their bodies. I saw Christians wearing tight clothes and I saw women in hell for wearing high heels. James 4:4, to be a friend of the world is to be an enemy of God. If you wear these it will take you to hell if you die wearing it.

You will be judged by the Lord Jesus, when God created you; he made you walk normally not on high heels. If you cultivate the habit of wearing it you will miss rapture or if you die you will end up in hell for disobeying the Word of God.

I was transported to the world of the dead and the angel said, "We are now getting to the world of satan" He held me strong and said, "If anything happens to you don't worry, you have to invoke the name of Jesus or the Blood of Jesus "

Immediately we entered the world of satan and I saw the summit of forces of darkness. When we entered the auditorium I saw a man who was sitting on a throne in front of an audience. This man was furious for I saw him give orders to supernatural entities in this meeting. They were obviously his subordinates while the man gave directions to his assistants.

The angel of the Lord told me, "Everything you hear in this meeting you will go and tell the world" Then I saw this angry man giving orders to demonic entities telling them, "You must understand that I am running out of time. I must use the little time that is before me"

Then this angry man who was the devil asked the demonic entities, "where are the human bones that I asked you?" The demons answered, "The human bones are ready"

The angel told me, "This angry man you see is the devil. He has a short time, that's why he is restless, furious and nervous." When the angel revealed the angry man I was speechless. I saw the devil ordering his demons to go get human bones, quickly they left his presence to bring the human bones that the devil had asked them to grind to dust.

Straightway I saw the demons bring the bones that they had ground to dust on the throne on the throne of Lucifer. The devil was giving out orders to demonic entities; he told them, "Go around the world, around the continents, the factories, the industries, the corporations where they design beauty products and make-ups, lipsticks and cosmetics; you will give these powder of bones to the leaders of these companies that are in alliance with us. Go to these companies that have signed pacts with us. You will tell these businessmen to mix their cosmetics and products with these human bones."

As humanity buy them; they come under manipulation. We must not buy these items or we will be affected. These items are a point of contact through which you will be bewitched and manipulated. These objects are attached to the spirit of fornication, rebellion and seduction. Those who use them will have their spiritual lives attacked. They will struggle to pray, they will have trouble reading the bible; they will loose the motivation to go to church.

As the meeting went on I saw a lady diva; in the name of God she stood among the congregation of demons holding a necklace, earring and ring. She showed them to satan; she promised that these items will affect ladies especially Christians who buy and put them on. These items attached with demons were supposed to be sold in affordable prices around the world and those who buy them will be bewitched.

She said these items will constitute a point of contact; a gate which will allow demons to have legal access in their lives. They give access to sirens of influence and manipulate the women on earth. I saw the lady with a paddle that was to block lives of those who were to put it. She took seat.

Another sea lady raised she was holding a pencil of beauty; she began to color her face with the pencil. She promised the devil that this pencil will bewitch ladies around the world. They will be manipulated by cosmetic products and be thrown into hell. The angel came down to me because my hope of salvation was over. I thought I was to stay in this place forever.

The angel led me to the industrial complex of hell where I saw demons making lipsticks through the blood of bats from hell. This blood was boiling and it changed the color of bats but they added something else. The colorings of the lipsticks were different. For the lipsticks to turn

black hellish vultures were added to the cauldron, to give a purple color snakes were added, to give the color pink frogs were added to the cauldron. To obtain red, the blood of the bats was used.

The demons made face powder from mud of hellish walls; they took liquid from the molten metal that flowed from the volcanoes of hell. These liquids were used to make earrings, bracelets, necklaces and chains, sexy clothes.

I saw hair dyes being produced. I saw women cutting and they painted their hair bald; a demon cast acid on the head of a woman who painted her head bald. She melted and screamed in such pain. I saw pulling the hair of a woman and shaving it with a razor. He shaved it until the skull appeared.

That woman screamed in pain, the demon said, "Hair cut on earth will be cut here too" The angel said, "Tell the church not to cut into the hair. The hair was given in place of the veil." I said, "The tips need to be cut" The angel said, "Do not trim the tips of the hair" I was worried because of my sisters in church because they all cut hair.

I also saw factories of skirts and many sweaters, male and female shorts, sexy and glue dresses. The demons made these clothes with hell animal hair and insects. After demons finished making these clothes they went to earth and inspired their models and businessmen of the textile industry who ordered the workers to produce.

The demons returned to hell happy. One of them said, "These modeling of clothes and make-up are used on the earth. Every church will drive Christians to hell for using what's ours" Satan is manifested himself and said, "Good work, it's wonderful how the churches open the doors to worldliness. We come in and take away their souls easily. They deliver their souls to us when they let sin into their lives"

Satan showed a list of believers on the earth. He said, "These believers have to be stopped. They are doing great harm to us. We have to get them out of the way. The only way to fall from the faith is if they deviate. These are dangerous; those who have not sanctified themselves are already ours. We must not worry about them if they are condemned and are friends of sin."

I looked at the list and my name was there, I was a target. In hell I saw a monster whose mouth was red and had nails all over his body. He had two earrings hanging from his ears. The angel said, "This is the demon of fashion and vanity and takes accessories to earth"

I saw brothers in hell who wear chains around their necks and sisters who wear earrings. They were chained in the neck and made as dogs in hell. Chains and necklaces symbolize prisons.

I continued walking in hell. I saw shampoos and creams. When women apply those creams the demons seduce men on earth. When the shampoos are put into heads the chemicals penetrate the brains and cause mental changes. Then I saw a woman wearing perfume in the church, her body became of a smoldering black smoke that entered into the nostrils of people.

Isaiah 3:24, And it came to pass that instead of sweet smell there shall be stink and instead of a girdle a rent and instead of well set hair baldness and instead of stomacher a girding of sackcloth and burning instead of beauty. Thy men shall fall by the sword.

And many men were seduced by the smell. I saw the demon of seduction and in his hand he was holding a glass and when he opened it, a fragrance came and entered my nose. I was in love with that demon. I was hypnotized by the fragrance that came in form of a black smoke.

The light that was near me destroyed the hypnotic effect. Hell is full of seduction perfumes. Jesus said these perfumes are enchanted.

I saw a woman in the streets; she had used perfume and the man who was walking next to smelled it. There was a gap between him and his wife; the gap is unseen. He smelled it, went home. There wasn't any action but he couldn't forgive something his wife had done.

He couldn't love her like he did before. There was a little argument and later it formed into a bigger argument. There is unforgiveness lately and then divorce from only one enchanted scent.

The Lord we have to be very careful with the gap in our lives. The angel told me to repent immediately after sinning. One of the traps of the devil is later because there would be a gap and it would widen up but if we close it and ask for the Blood of Jesus Christ the Holy Spirit will come and make it solid.

It is wonderful, we are not weak because we go to the Lord every time we sin; it is better than to live in hypocrisy.

MAKE-UP PRODUCT

As I was praying I saw angels and demons: I saw one disgusting demon and he said, "If you do not take off your make up I will tear off your skin and if you die today I will leave your face alone" The demon pointed his fingers on my face. He had long nails like knives. I thought nothing would happen because he was a spirit. The fingernail touched my forehead and made a scratch. I was terrified.

The next night the demon appeared to me with a part of acid, he threatened to pour it on my head. He said that my head did not belong to me anymore because it was marked with his paint. He said that the natural hairs are mine but those colored are his. He said he had the right to pluck my hair, when the devil tried to pour that acid on me I screamed and my parents came running to my room.

The third night that demon came and said, "I am going to cut all your fingers, you are wearing my paint. You are not saved, you are mine" I said, "You are a liar, I am of Christ"

"Then why is He allowing me to disturb you" I rebuked. He said, "You have no authority. You first sanctify yourself. That is how I deceive many women who say they are of God and use what is mine. I pretend when they reproach me making them believe that they are anointed." That demon only left because an angel entered my room.

The other day I was fasting preparing for the demon to enter my room, I knew that he was going to torment me again. I don't know why God was allowing this to happen to me. The demon appeared and said, "My servant is getting used to it...One day we will meet down there. I will ask to torment you for eternity. I will pull your ear until you cut it. I will get your soul."

I said, "I am not your servant." He said, "Yes, it has my mark on your ear and it belongs to me. You did not know that earrings symbolize slavery. People who wear earrings are my slaves."

I prayed to expel that demon; he did not want to leave; I was depressed and prayed until the angel came to my room. That's when the demon left. I came to understand that everything was done with God's permission. He wanted to teach me a lesson and I did not want to understand because my selfishness of spiritual authority would not let me see how I needed to improve my walk with God. I had to cleanse my life. I wanted so badly to get rid of that demon that I did not realize what God wanted to show me.

I did not pray in the morning because I knew it would not stop the demon from appearing. I decided to do a test. I took the paint out from my fingernails and earring. I threw the paint kit out. I waited for the demon to appear but he did not because I had undone everything that was his. I did not want to believe the disgusting demon. I knew they were liars but that night was quiet.

Maybe you are a woman in the church and do not believe what I am saying. You can be criticizing me now; with all the spiritual strength that God gave me I ask you to pray and seek for answers. He will reveal the truth to you. Seek God as I did.

I prayed and Jesus appeared; I could that He was that humble appearance that lived on earth but His body was glorious. The light of His body dimmed my eyes. He dimmed the Light so that I could look at Him. Jesus said that what the demon said was true.

He said, "The demon received an order from the Lord to reveal that area of my life." He said that he was preparing me for a spiritual battle through that demon. He said a battle like mine prayer and fasting is not enough one has to sanctify from everything. I had to run away to break the roughness of the demon.

The Lord said, "You have learnt that in a war it is necessary not to open the guard which is used to guard against demons. This gives strength to them."

In hell I saw a monster whose nails were painted red and his body was full of piercings. He had two huge earrings and he was a demon of fashion.

I walked in hell where I saw demons cutting the fingernails of women for painting them. The angel said these women were there for not renouncing the world. There was a demon with earrings all over his body. There was a large one in his ear and another on the nose. His wrist was full of bracelets and his neck full of chains.

No vanity comes from God and women wear what satan casts into the world. I saw devils cutting fingers that were filled with rings. I saw a demon cutting off the ears of men and women wearing earrings. I saw devils cutting the heads of women wearing necklaces and men wearing chains.

The angel said, "Embellishment of the body corrupts the heart and exalts the body. They reveal what is in the heart. Lucifer exalted himself when he looked at his glory and his body covered with precious stones" Ezekiel 28:17 O covering Cherub, from the midst of the stones of fire thine heart was lifted up because of thy beauty, thou has corrupted thou wisdom by reason of thy brightness; I will cast thee to the ground; I will lay thee before kings, that they may behold thee.

In hell I saw women who painted their nails, the demons cut off their fingers. The ones that dyed the hair, the demons plucked the scalp. Those who wore lipsticks had their lips drawn from their mouths becoming only skeletons. Those who wore earrings had their ears cut off. I only saw two holes instead of ears. Those who wore make-up had their faces melted with fire. Those who wore necklaces had their necks serrated. I saw upper class women, models and actresses who wore luxurious and expensive perfumes to seduce men.

Rotten substance was brought from the abyss of hell into their bodies. The stench was unbearable; those women did not accept that stench.

In hell there were demons trying to come up with the latest trends in fashion of the world. They were drawing suggestions of clothes in manila papers and consulted with each other how the design looks. They were busy making clothes and cutting them.

I saw demons making make-ups; they were combining different colors to make them look rich. They were making finger nail art; I saw them suggesting ways to make it look nicer.

They were trying the make-up on themselves; they were even coming up with ways to wear two lipsticks at once to make it look attractive. They were trying which colors would match perfectly with each other. There were mirrors everywhere and some demons were sewing clothes on sewing machines.

They were making indecent clothes for humans. I was shocked to see all these in this room. They were trying to come up with so many designs for people of earth. It is certainly not an act of love. Don't think they have done you any favor.

You are doing them a favor by falling into their trap. The Lord gave me a first-hand encounter of hell. He showed me demons doing catwalk; they were looking exactly like human models. These demons had put make-up, artificial hair, trouser, earrings; they were looking exactly like how women look today.

I understand that demons want human to look like them and go to hell. These things are from them. James 4:4. I saw demons use all kinds of vulgar language then I understood that initially all the insulting words that people use come from demons but demons try to hide and pretend that those things do not come from them.

Demons want humans to think they do not exist or even they are incapable of thinking properly. They want people think that they are misty forms that possess people and are cast out. They don't want you to know they are doing what they are doing to capture humans. Once they make people believe that no one will suspect that the evil things in this world are from them.

This way people will feel free to do all evil and eventually go to hell then they would achieve their mission. That is all they care about. Demons are more intelligent than human being that's why the bible says we should put on the amour of righteousness because there is war in the spirit. Only God is able to overcome them because He is powerful so put on the amour and pray, you will have victory over them.

In the flesh, you will be defeated because you are only blood; pray, pray and pray. Ephesians 6:18. The Lord told me that the devil did not want activities about his kingdom to be revealed.

The Lord said, "It is because many people will turn from their wicked acts because of these revelations." The Lord showed me a demon who was wearing all these stuff; eyelashes, make-up, trousers. I realized that they all originate from satan. He told us how these things are from satan and how the devil brought them on earth to deceive humanity. I am not exaggerating. I am saying it as the Lord said it; it is my responsibility to warn you because we are all going to face God one day.

Jesus does not like those things; He is pleased when we remain the way He created us. He told us He doesn't want Christian women to wear trousers or jewelry. The Lord allowed my sister to hear satan giving instructions to his demons; he said, "Make sure they write ladies' trousers on the labels so that women wear them and come to hell."

The Lord showed a demon in the form of a naked woman standing on a high wall. Though naked and on a high wall this demon kept trying to hide its nakedness by using its hands and squatting but it didn't put on any clothes.

Jesus told me, "This is the demon of nudity and it controls women in the world. That is why women go naked in public and only cover their privates and armpits"

Jesus told me something else, "This demon of nudity has entered many churches and satan knows that Christian women will no longer wear jewelry like bracelets so he has changed the design to trap them"

I don't know if these watches are everywhere but in my country there are these bracelet watches. They are designed exactly like bracelets but has got a small thing in the middle where you can see the time.

Jesus told me it's only a trick from satan so women will say it's only a watch. I also saw spirits of snakes in these bracelet watches.

Jesus says He wants complete holiness and obey the whole Bible. He says, "Follow my Word, the world has entered My church and people of the church have dressed like those of the world. They have brought satanic music into the church; rock, hip hop. Have you ever had angels rapping?" There was anger in His voice when He said this.

There was a white woman in hell even though the Lord had blessed her with long hair, she went and extended it. This woman was naked and in serious flames that looked like liquid fire. All she would do was scream and scream and scream; her hands were lifted up and she said, "I am here for using extensions".

I saw sections for those who change God's image; hell was a dark pit as usual. I saw what I saw because it was the Lord's will.. it must be understood that it is a spiritual place not physical and darkness and fire can exist all at once.

This section of hell was rocky and there was no one there except for three demons in form of fierce-looking dragons. These demons were flying all over the place, flapping their wings and screaming. To make the place more lonesome the place was severely hot and the people were in small pits in the rocks. The pits were large enough to occupy them. They found difficulty moving either to the right or left.

Their skin would fall off like it was made of plastic and their bones exposed then the process would start all over again. These people were continuously suffocating from the smoke of the intense fire and the stench of their rotten flesh. They knew there were other people in that place but they were worried about themselves and their families back on earth.

Liquid fire was continuous in this pit and there were groans all over the place. The Lord allowed me to hear the thoughts of one woman there. Her hands were clasped and worms were crawling between her fingers. She was thinking, "Lord, is my daughter being taken care of back on earth? Oh I wish someone to tell her to stop putting on those artificial things I made her do."

Please come back to the Lord and be proud of how He made you. The devil will entice you to sin on this earth, pull you into hell and call you a fool. There is no chance of getting out of hell.

Suddenly a dragon pulled a woman from her pit by the throat using its mouth. Though these dragons were huge their mouths were pointed so it could fit in the pit. I noticed that she had lipstick on.

The dragon told her in a rough voice, "You fool, you love the things of the world. You cannot be artificial and holy at the same time."

I saw a girl in prayer in her room; she was kneeling down with the bible in her hand. She was praying but I noticed she had a short skirt, artificial hair, neck chain, earring, painted nails etc. There were two demons in her room; one of them sat on her stuff making itself comfortable and the other remained standing. They were looking at her with mocking smiles.

The demon sitting down had a book full of names in its hand written the names of those who were on their way to hell glancing at her; it wrote her name down on the book, the demon standing looked at her and said, "You are lukewarm and God is going to spew you in hell" She could not hear this. 1 Timothy 2:9-10.

The Lord said, "That which is esteemed among men is an abomination in the sight of God." The Lord said, "They want to expand parts of their bodies. They get boobjobs, lip jobs, add eye

lashes” They are shameful. Joel 2:28, And afterwards I will pour out my Spirit on all people; your sons and daughters will prophesy, your old men will dream dreams, your young men will see visions.

TESTIMONY OF VICTOIRE AFANGBEDZI

I am sister Victoire from the Republic of Togo. I am married to an evangelist. I attended the church called the Disciples of Christ by Pastor Solomon. It was on the night of 25th September 2014 that I woke up in the morning and I started to have a migraine. I thought it was ordinary pain and bought medication but the situation got worse. I felt dizzy; my husband advised me to call a doctor who gave me an injection and after that he did blood transfusion.

I fell asleep and my bedroom was illuminated; my husband and children were asleep. I began to move and my husband asked what was going on with me. I could not answer or speak; I thought I was dying so I began to confess my sins since my childhood.

It was during this confession that suddenly I saw two angels in my bedroom. They said, “Victoire, rise up. We must go.” Then I got up to join them but I realized that it was my spirit that stood up and left the body. I saw my body lying on the bed.

When I saw the two angels in their glory I tried to run. I was running at great speed without knowing where I was going and I was not tiring. Then I had a powerful voice saying, “Stop” I stopped turned around and saw nobody.

Then I saw the Lord Jesus coming down with glory. He landed and placed His hand on me. I could not see His face because there was greater glory and intense light covering His face. This place was like a desert. There was nothing; no tree or house, no structure. Then Jesus transported me to a crossroad.

I saw two roads before me; one road was spacious and large the other was narrow. I noticed there was nobody on the narrow road but I saw thousands of people on that spacious road. I noted that the people on that road looked godly. These people were dressed with modesty. They did not wear rings or pieces of jewelry and bracelets. Women were not in pants; they had their heads covered. There were men of God. There were also adolescents among these people.

Some of the people were singing in the glory of God; some were praying in tongues and were advancing. I said to myself, “These are Christians like me therefore I should follow them.” I joined them on the large road; not long after that a powerful voice reverberated in heaven saying, “Victoire, get out of that place”

I wondered who called me and who knew my name in this place. Then all of a sudden the hand of the Lord seized me from the crowd that was going on this road and placed me back on the crossroad.

The Lord stood before me and said, "All these people are Christians but they have not purified themselves although they dress differently from the world. Their hearts are full of lies, full of fornication, full of hatred, full of hypocrisy. They are on the spacious road to hell. Their heart is far from me although their mouths profess Me."

The Lord said, "Stand and observe" Suddenly, I saw footballers, they were like training; others were holding balls in their hands. The Lord Jesus said, "These footballers and their fans who are so passionate about soccer are headed for hell."

Jesus said, "Any man or woman who is a fan of teams of football will not enter the kingdom of God. This sport of football is a satanic institution".

Jesus said that football is played in the spirit world but they use a human skull like a ball. Jesus unveiled to me the spirit of football. He showed me the demonic power in charge of football. He is worshipped and honored by soccer teams, soccer players and fans.

Jesus then said, "Follow Me" He took me to the gate of heaven and told me to observe. I stood in front of the gate of heaven and saw people in a queue in front of the gate. I saw angels and I saw an angel who had eyes all over his body. I saw people advancing toward the angel who had eyes all over.

In case a person was worthy to enter the kingdom of heaven the angel would make a sign of approval by bending his head and the person was admitted entry to the kingdom but in case the person was unworthy to enter, he would make a refusal sign by shaking his head. Once this angel made a refusal sign there was a powerful whirlwind ceasing and transporting the person into the world of the dead. I could hear the person screaming as they were carried away by the whirlwind and his voice was an echo not to be heard anymore.

On that day only a woman made it to heaven but all the other people were transported by the whirlwind to the abode of the dead. Jesus said, "This is the life of this woman; she was always praying, she was at peace with everyone. This woman loved everybody and was full of tenderness. She was dressing with modesty" And when this woman entered the gate of heaven, angels began to jubilate. They were full of joy and praising the Lord; then Jesus took me away from the gate of heaven.

He asked me, "Victoire, where do you go on Sunday?" I answered, "We all go to church on Sunday to worship You, Lord." Jesus said, "Many churches do not worship Me on Sunday but

they worship satan.” The Lord said there are many churches but a lot of them do not worship Me, only a handful of them worship Me.

Then the Lord and I began to descend beneath the earth, I wanted to run away but Jesus said, “Victoire, stop”. I was stopped by the Word of Jesus. Hell is a horrendous and unbearable environment. In hell, you will hear all types of screams and cries; you can hold darkness in your hands. People are wishing to repent but it is too late for them.

Jesus wanted me to come with him; as we continued to descend I began to beg Jesus, “Please, what is this place, get me out of here?” Jesus said the anger that is animating me because of sin manifesting is awaiting people here.

I saw people; men and women, pastors and evangelists in hell, they were crying. I saw a pastor from Togo, we know him; his name is Morris. We approached him; I asked him why he was here but he could not answer me for he was crying too much. Demons were torturing him, they were piercing him. He was screaming; Jesus said it is finished for him; he cannot be transported to earth to repent.

Jesus transported to a place to see Michael Jackson; he was still dancing in hell. The Lord said he was an agent of satan. Every time he stopped dancing demons were torturing him with fire.

Michael said, “Tell people to stop playing my songs, I am suffering.” The Lord said to tell people who are still listening to his music to stop, those who dance to his music to stop and those who have his CDs to get rid of them. Then the Lord took me to see another popular man.

I saw Bob Marley in hell. He was weeping, “Oh I never thought that Jesus existed. Many Rasta men were telling me that I was God and that I had come to fulfill the prophesy of Jesus. Go tell them to cut their hair and believe in Jesus so that they do not come here. People were saying that my word will come to pass; they are prophecy but here I am lost forever”.

Then Jesus said to me, “All those who celebrate the 11th of May, the anniversary of the death of Bob Marley, all those who worship and honor and worship Bob Marley; when they die this is where they are coming.” The Lord said, “Go tell them I AM WHO I AM, I AM SOVEREIGN. I do what I please.”

Then the Lord took me to a place where I saw a child, he was eight years old. I noticed in hell it is not just fire tormenting you; there are snakes biting you scorpions and bugs- they had large and sharp teeth. These creatures including demons were torturing the child and when the child saw Jesus, he shouted strongly for Jesus to save him.

Jesus asked him, "What brought you here?" He answered, "Cartoons, war movies, video games and soap operas" Jesus said to me, "Victoire, have you heard?" Then Jesus asked the child, "Can you recite a bible verse for Me?" The child said, "I don't know any" Jesus said, "Tell Me about those things you used to watch on television." The child began to talk about all the cartoon series, all the war movies and soap operas.

The Lord said, "The child spent all the years of his life watching cartoons, war movies even pornographic movies."

The Lord said, "Tell parents to show children My ways, place my Word in them since childhood otherwise when the trumpet sounds many will remain."

Then I asked Jesus to give me a sign because I am supposed to get this message to the world. Immediately Jesus disappeared and then I saw an extremely beautiful young man approaching. He was dressed in a white garment; I thought it was an angel but when he got closer to me, he changed his appearance. He became dark and ugly; he was laughing and beating his chest. Then he began to clap his hands and as he was clapping his hands I began to collapse.

I asked, "Who are you?" He replied, "I am satan and you victoire, you are the one pulling souls away from my kingdom and you are attacking my kingdom but today we are face to face and I will show you." The devil was beating his chest and boasting; he said, "I have succeeded to get a hold of most churches on the earth. I have succeeded to get people in churches to gossip and backstab one another. I have caused them to complain and murmur about one another. I am responsible for all that." The devil was laughing.

"I have taken control of music and dance that is played in many churches. These dances and music is mine. I have caused choirs and musical groups to be in immorality. I am responsible for that." The devil was beating his chest. "I have caused the members of churches to be quarrelling and arguing between themselves. I have sent agents in all churches.

I have killed and removed holiness in churches and replaced it with stain and fornication. I have caused pastors to repudiate their wives and marry other women, foreign women who are my agents. After these pastors marry my agents I write the names of their churches in my book for they belong to me. I cause pastors to be in conflict with their members.

I have taken over barber shops, night clubs and bars they are now my temple." He was boasting, beating his chest and laughing. He was overjoyed because of things he has succeeded to do in churches and while he was laughing I was feeling pain in my inside.

He said, "Today I got you, I have captured you." While he was beating his chest and laughing I saw Jesus coming down with glory. When satan saw Jesus coming, he withdrew in anger; he was gnashing his teeth.

Jesus said, "You heard what he said, they are his churches which are also focused on miracles and manifestation instead of the Word." After Jesus said that, satan was watching at a distance.

Jesus said, "He has no power, you have to exercise authority over him in My Name" I said, "IN THE NAME OF JESUS" and the devil collapsed to the ground.

Jesus said, "Every time you go to preach and he opposes you just use My Name and he will fall like this because he has no power"

Jesus told me that the devil is using marriage in order to take souls to hell. The Lord said, "Any woman whose dowry was not paid in full and is living with a man and is giving birth to children will miss the rapture because this is fornication. People who do this are fornicators."

Then the Lord took me to a woman called Christine, she had a long cross attached to her neck; she was a catholic. She told me, "I did not know, I thought the Catholic Church was fine."

Jesus said to me, "Go tell Catholics I am no longer on the cross but they continue to crucify ME and I am not a statute. They are making images representing ME; go tell them they are worshipping the Antichrist. The person that is on the cross is not Me but Antichrist."

Jesus said, "Many of them are looking for a blessing from the so called holy water. This is water extracted from the bodies of the dead and are mixed with normal water".

He said, "Catholicism has made covenant with the spirit of the dead." Then the Lord showed me pope John Paul II. He had a huge snake around his neck. Jesus said, "No catholic will ever enter heaven because it is occultism and is in covenant with death." Jesus said, "I am not in this church because of the blood of the saints and occultism." We left the pope.

I saw a young man in hell; he was begging Jesus to get him out of that place. Jesus said, "You were coming to church every Sunday but throughout the week, you were visiting bars and nightclubs. You wrote your name in the book of satan." The devil said, "He was master of all bars, all nightclubs belonged to him."

I saw a woman, the wife of a pastor. Jesus said that her problem was unforgiveness; she does not forgive. When she died she came here.

The Lord Jesus said, "Gather pastors wives and tell them to be forgiving and humble". Jesus said, "Pastors' wives must be submissive to their husbands. There are pastors who quarrel with

their wives and then they come to preach in the church. They stand on the pulpit and are inspired by the devil".

Then the Lord said, "Pastors must give all items requested in the dowry by the family of the bride otherwise they are committing fornication. People who are not married but living together are fornicating and children born to them are bastards going to hell."

Jesus said, "When a man chases his wife in his heart, the man should not come to ME because it is his choice. In this situation do not come to me. You should have come to Me before you made your choice but once you make it, it's yours."

Jesus said, "Marriage choice is taking many to hell. Many call Me personal Lord and Saviour but they will go on to marry an unbeliever. A couple of a Christian and unbeliever is not my will."

He said, "When I join a man and a woman I make sure the couple are born again." Then I saw a woman in hell who got married to a man who was an unbeliever; her choice ended her in hell. People are making this fundamental choice of marriage without consulting Jesus.

Jesus talked to me about churches where people are in fornication, churches where pastors have married two wives. Jesus said, "He should stay with the first wife; he does not recognize the second wife and their children."

Jesus said, "There are people that are engaged but they are having sex; I will not come close to them. Those who are already married but had sex before marriage should confess to their pastors. They should not overlook that."

He said, "Many musical groups are committing fornication; this is the reason I will not manifest myself. Marriages that are about quarreling and conflicting will not see My face. They will miss rapture. They must learn to forgive one another."

The Lord said, "If you quarrel with your wife, you have to forgive one another because My coming is eminent. I have no more time left."

Jesus said, "I am sending you to warn women because their dressing are taking them to hell. Some of the attachments and artificial hair are taking them to hell. Some of the haircuts are taking men to hell but what matters is what is in their hearts. Tell people to keep their hearts more than anything else.

I have made hell for the devil and his angels but the enemy of men is at work to cause humans to go to hell. Warn leaders of the Assembly of God to repent because they are in a secret cult.

TESTIMONY OF ANTONIO SOUZA

My name is Souza Antonio, I was raptured in the month of November 2018. I will tell you my testimony for when I was a new convert and weak in the faith; I was addicted to video games even after accepting Jesus Christ into my life.

One day I was playing resident evil league, suddenly my spiritual eyes were opened and I saw a terrible monster leaving the screen and entering into our dimension. When I saw this spiritual incident I ran to my room for I was very scared.

Later I saw this demon chasing me and on that day he afflicted and tormented me all night until I put away my games never to play them again. When I renounced my addictions, another war arose.

My wife who was a believer began to make room for the devil; she was chasing me because I had no work at that time. I prayed to God and saw that her face was transfigured into that of a demon; she was possessed and was cursing me with terrible profanities. I shouted, "THE BLOOD OF JESUS" and rebuked that demon.

My wife became dizzy so I had to hold her so she would not fall to the ground; I made her sit on the couch because she had been semi-conscious and when that demon had left, my wife came back to normality and became the woman I wanted. She asked for forgiveness.

At night I went to sleep and the Lord visited me; He revealed great mysteries to me, He showed me millions of demons of divorce and family feuds. He said that these demons cause divisions within the household and place children against their parents, they cause wives to stand against their husbands.

Jesus told me that one of these demons tried to cause division between me and my wife but it was cut through invoking the blood of Jesus. These are demons that are working within homes and families are troubled. They make children rebel against their parents.

Jesus said, "Illicit things like the internet and television are attracting demons into homes including games. Together all these have changed the behavior of families and children."

After a few days I was praying and when I closed my eyes to sleep, they were immediately opened in the spirit world. I was in a dark place that was extremely hot and it was scary. This place was hell and I saw horrendous and gruesome things.

I saw many freemasons and politicians in hell. The first celebrity that I saw was the victory queen being burnt in the flames of hell. Then I saw the French king Napoleon Bonaparte in the pit suffering. I saw many kings and queens in hell. I saw entrepreneurs from all over the world

that were agonizing. Then I saw the Knight of Darkness who is the principality of super hero movies and comic books.

I saw demons who work and control Hollywood and the cinema industry. This category of demons affect humanity through the cinema industry, motion picture industry is in their hands. Then I saw the demon who work in animated cartoon and drawings and the many demons of other media.

In the past when I was in the world I really loved the comic books and super hero movies. My favorite super hero character was Batman. To my greatest surprise I saw my favorite super hero who presented himself as the knight and Calvary of darkness. This demon who is batman is known in the comic book as Dark Knight has won many souls to hell.

Most of the souls conquered by this demon are fans of super hero movies and comic books. Batman is the principality behind films, comic books and drawings of super heroes. He is the one who commands other demons to act and operate.

Through the drawings, animated cartoons and movies, the Dark Knight is worshipped by many young people and children. I can guarantee that all these super heroes of marvel and Justice League are demons. These demons and the dark knight inspire directors, producers and film makers to bring demons of motion pictures to the earth.

They inspire directors and producers to illustrate and portray them in animation and films. Many people think that creators of super hero movies are intelligent by their own imagination, in reality they are inspired by the demons of hell to create these films.

The purpose of these demons illustrated in movies and animation is to utter a golden age of super heroes and put in the minds of the masses the idea that these heroes who are demons are saviors of the world yet these are demons. This is a way of diverting the attention from the real Saviour Jesus Christ who is the Redeemer of the world.

I have always been a fan of Freddy Krueger films but in hell I saw this terrible demon in flames. He is a soul ripper who causes insomnia and nightmares in people's sleep leaving them disturbed. This demon is the same as in the movies and he has sharp claws that torture souls. Many of these demons of hell are already famous in movies and drawings.

I saw the demon Donald duck who works inside the children's minds. This demon has the head and feet of a duck but a child's body. I saw the demon of child homosexuality. I saw the demon pecka that leaves the child violent. I saw the demon Tom that leaves the child troubled. These demons work to destroy children's childhood.

The demons that work in the area of games and the principality gave orders to his collaborators to inspire men to invent more games. I saw a factory on the land that will produce more games. This is the reason why many children are going to hell. Demons do great works in hell and on earth to destroy the children.

I saw an army of demons coming out of hell and going to the earth to attack the church. I have seen thousands of demons fighting against the church.

Then I saw my brother in hell, he had been murdered five years ago. My brother arranged a ritual and had been sworn in Macamba. He asked the priestess to close his body and protect him from bullets and knife stabs, and he paid this priestess a huge amount of money.

A few days after the ceremony, the Holy Spirit spoke through the mouth of a man of God. This man had a vision in the spirit; he saw a black man following my brother. The man in black was the angel of death; he was seeking to rip the soul of my brother. The man of God leaked the vision to me and warned my brother.

My brother said he was protected by the macamba protection and he had a closed body against bullets and stabs. Many days later, my brother was riding his bike to work. A car began to follow my brother and a boy from the car fired several shots at the bike. My brother was hit and took six shots; he fell off the bike and died. He doubted the servant of God who warned him about the danger.

He chose to believe in the prayers of the macamban priestess which did nothing to stop his death. When my brother saw me in hell; he raised his voice to ask me for help, he said, "Get me out of here." I asked him, "Brother, who killed you?" He replied, "Brother, I do not know. What I remember is that I felt a sting in the head. Then I felt a strong shock in the skull and a strong pain in the brain. Then I fell off the bike and immediately my senses began to disappear.

I lost my touch and all the senses of the body were gone. When I woke up, I was already here surrounded by fire that began to feed on me. These flames of fire are devouring me; I cannot stand this fire anymore. I paid for my sins I just want to get out of this place for a second. To be free from this place; help me, please take me to mum."

Immediately a demon said, "I was the one pushing you to cheat; you should never have tried to shield yourself from bullets and stabs". Then I saw this demon who was a ripper of souls tearing apart my brother. Seeing this, I began to cry; suddenly a supernatural force pulled me to the dark tunnel.

I was in another place where I saw famous people; then this supernatural force manifested itself and turned into a being of light and said, "I am an angel of God and I was there guiding you. You were not alone though I was invisible."

In another place of hell, I saw the television presenter Hibby; she screamed in panic and in pain. Demons were tormenting her soul in the flames of hell which had covered her. These fires seemed like a tide of sea waves. She was a gray skeleton.

I saw the former president of Brazil Getulio Vargas being tormented. The face of the president was filled with scared and terror.

I will summarize when talking about celebrities; they are many, the demons did atrocities and parted their bodies. The singers that I saw in hell sang to the demons; I also saw the producer Miranda in hell. I also saw the singer Luis who besides having to sing had to play the instrument until his fingers fell off. He sang in the flames and the demons told him not to stop playing.

I saw two actors who died as a sacrifice to demons; the actress Daniela Perez was offered to demons and the actor Domingo Montana who was sacrificed to the queen of sea who took his soul to hell through the waters of the Ocean. This demon called queen limonja received the offering in the river of San Francisco when the actor died. She pulled the legs of Domingo down in the river.

I saw the souls of Domingo and Daniela suffering in hell. All the Hollywood celebrities and world renowned actors when they die, they come to this place because of the clause of the pact they have signed to have money and fame. Their souls belong to the demon of television media and entertainment.

I kept walking in hell and I saw several glass boxes and inside each box there was a puppet stuck. I was made to understand that each doll in the glass box represented a certain person on earth. I saw a doll of a bishop stuck in the glass and another and another; the angel said they are in this box for believing in another gospel. They will not be saved.

I asked the angel, "What would happen to these boxes if one of the men repented?" The angel said, "The glass representing them will be broken and the doll representing them will disappear representing their freedom but as long as they are not free they are in spiritual prisons. They are manipulated by the forces of darkness that deceive them."

The angel told me that all the churches that have put aside the doctrine of holiness are in this glass boxes. I wanted to see the other glass boxes to see the people who are inside the boxes but the angel did not allow it. The angel led me to another place where I saw small coffins and inside each coffin was a plate written the name of a church.

The angel said, "The coffin represents the fact that its doctrine are dead and before God they are equal to a decaying corpse." I saw several coffins but the angel did not allow me to see what was inside. He said that the churches which imitate the doctrine of satan will be configured in hell.

The angel took me to a place which was dark and only illuminated by reddish flame. The angel took me to several valleys which were crowded by hundreds of people. The sizes of these valleys seemed like the whole neighborhood.

There is a systematic classification of each sin in hell; there are degrees of punishment according to the sin every soul did. There were torture rooms and several compartments filled with people suffering for every sin. People suffered with torture and reaped fruits of their sins. Proverbs 22:8, He who sows in injustice will reap disaster and the rod of his fury shall fail. What I perceived in hell is that evil people suffer punishment depending on the degree of their evil deeds. The punishment of evil people is different from that of good people though they are both extreme. If good people reject the gospel they will go to hell on their own but by faith in Jesus is salvation which is a free gift from God granted to humanity

If you die with the debt of your sins you will have to pay for your sins; many have refused the sacrifice of the absolution of Jesus that would remove the debt of their sins.

In a valley of hell, a giant introduced himself to me as the principality of Mormonism and that place was full of people who were under his control. These were Mormons and all the followers of Mormonism come to this place when they die.

The angel took me to another valley; opposite to me was a giant demon who introduced himself to me as the principality of theology. This demon comes up with many interpretations of the bible to confuse Christians. He said, "I am the one responsible for comments in different biblical texts and produces bible studies with different ideas. I cause theologians to create a variety of ideologies that there will be a group defending a type of idea and another group defending another type of idea. In these types of doctrine there are different types of truth and different concepts from one another. These ideological groups are opposed and are not in agreement between themselves. That each group and church will defend their doctrine; we will make one doctrine different from another and will put Christians in conflict amongst themselves. Our technology will multiply ideologies and fabricate more teachings. I have millions of demons on the earth who work to produce theological currents.

We will manufacture more bibles adulterated with comments to leave many spiritually ill that are resulting in dead churches and divisions that we cause in the church. They discuss their theological views which are different and this leaves the church divided. The church will loose fire of vacancy for accepting our technology. When the temperature of the churches cool down,

we will enter and work within these churches and take control of the services that were previously led by the Holy Spirit. We will assume direction, despite the departure of the Holy Spirit we will make sure people keep speaking in tongues and have prophecies and visions.

The Spirit will be replaced by our equipment and our gifts; even though these people live in sin, they will believe that it's God's Spirit working among them for I will be god among them."

That principality revealed all its works and showed me valleys of Christians who were in torment in hell for attaching themselves with doctrines of men and demons. He said, "They are here because they trusted in letters and theology and they did not put their trust in Almighty God. They trusted in their knowledge and gave no place to God. They preferred to believe in their knowledge rather than the revelation of the Word inspired by the Holy Spirit.

Our plan is working and we will continue making books and bibles teaching of different ways to create chaos and confusion. We will create bible schools that will question holiness. We will write evangelical books that will question the bible itself and its inspiration. We will make more books of blessing leading by indoctrinating our teaching. We will attach the church to materialism; they will not give up the things of this world. The church is dying spiritually in the very letter of ideology which is spiritually changing the structure of the church. We are changing the minds of the people of the church and they are falling in our trap."

After the expedition, finally the angel brought me to warn the people of earth. We are treading in a minefield; we have to watch out for fear of losing our salvation. These were the revelations that were revealed. God bless the church. May you stay under the blessing of Jesus and the Spirit of God be upon you. AMEN.

THE CHAMBER OF THOSE WHO OVERCHARGE

I was with the Lord beyond the grave and He said the end of all things is resolved, the He talked about the people in the days of Noah. The people in Noah's days had sinned before God but those sins are not more perverse than the sins committed in our generation.

When we read the bible it is written; then the Lord saw that the wickedness of man is great upon the earth, that the inclination of the thoughts of his heart was altogether evil. The Lord regretted that He had made man and He was grieved in His heart.

The bible talked about the minds of men, the interior of man, the thoughts that were focused on evil. I can afford to say that the Lord destroyed the people in the days of Noah because the inclination of the thoughts of their heart was altogether evil and they were directed to evil every day and wickedness. And because of evil the Lord destroyed the first world; even if they

did not do it they were always thinking of evil thoughts for out of the heart come evil thought-murder, adultery, sexual immorality, theft, false testimony and slander.

This is what destroys a man; wicked thoughts caused God to destroy the world of Noah and since we are of a more perverse generation the wrath of God is upon us. What is the gospel that we are supposed to preach unto this generation? it is the gospel of judgement. We must warn the church to be extremely vigilant for the return of the Lord is eminent.

Prophetic signs are being fulfilled, this is an indication that this is a grave time. We must be vigilant; we will talk about the people who overcharge items and services. These are the people who spike the prices of items and services.

They are selling stuff to people that is above the value allocated. These people exaggerate the price of items to get more money than they were supposed to.

We were in hell; a place that I dreaded where the lost souls were incarcerated forever in their cells. The suffering of these people was inexplicable. I was travelling with Lord when He said, "We must move in this tunnel of horror" Then we began to hover above the thorns of fire. The Lord was talking about the suffering of the damned souls, there were piercing screams coming from all directions and I was becoming accustomed to these noises.

The Lord said, "Do you know that exaggerating the prices of items and services can lead to this place of torment?"

This did not make any sense at all. As we move I saw demons move in the shape of shadows, there is nothing good in this place and it is an evil place for men who fall there. What is important is to come to the Lord to obtain salvation for our souls.

The Lord told me, "I exercise My judgement among men and I will take into account all your actions and my judgement will be severe for people who reject me but for those who accept me I will support you through your journey as you travel towards the promised land."

We were moving in this tunnel and I saw something like a publicity board and as we moved towards the board it was written the chambers of those who exaggerate the price. I was stunned to know that people fell in hell because of exaggerating price of items.

I said, "Are people falling in hell because of exaggerating prices of items?" Jesus said, "When you people reject My Word, precepts and commandments the judgement of God will fall upon you."

When we arrived before the publicity board I saw a hole beneath this board. I knew that this was the entry of this chamber of hell. In a blink of an eye we entered this hole and I began seeing spectacle of damned souls being tormented horribly. In this section I saw countless souls piled up, they were innumerable souls from all corners of the earth. They regretted their sin and implored the Lord's deliverance. Their torment was unbearable for I saw demons tormenting the souls.

These souls were begging for water; witnessing these horrible sins I cried and saw the Lord shedding tears. He said, "This is not my fault; I shed my blood on the cross for these people. If the people whom I have paid a high price on the cross for fall here it is not my fault."

I saw many objects and these objects were demanding justice against these souls; not far from where we were standing I saw a huge mountain upon which two giants were standing. The two demons were tall about sixteen meters; they were saying to the damned souls, "Rejoice! Rejoice! For this is your kingdom from eternity to eternity."

One of the demons grabbed a soul to his hand; the soul said, "Forgive me, I acknowledge my sins." The demon would not listen. The soul said, "Woe to my soul, what is it that caused me to do these things. I am condemned forever." I noticed that this man was dark as coal because of the fire and his bones were crushed and his whole body was like perforated.

This demon told him, "You never pity your father, you always lie to him about prices of items in order to get the remaining money. What are we supposed to do but torture you."

The soul said, "I agree that I have sinned; I exaggerated the price because of my parent, they failed to understand that I was already an adult and I had needs. They failed to realize that I had needs and every time I asked my father and mother to give me money, they ignored me and gave me insignificant amounts. I had no choice but to exaggerate the amount of school fees and note books that were required at the university. It is this way that I was able to meet my needs."

The giant demon told him, "Is it not written in the book of your God that you children are to honor your parents, is it not written in the book your God that should not lie; since you have lied we have no choice but to keep tormenting you. Your parents were not able to do it, we are committed to this work."

This demon threw the man in a place that was full of thorns and he was pierced by these thorns. The man said, "What is it that caused me to cheat; I am condemned because of little things. I lost my soul forever."

I asked the Lord, "What did he do?" The Lord said, "You heard his confession; his parents did not carry out their duties. He had lots of needs and did not know where to get money. He was lying to his parents to get something. He was deliberately exaggerating the price of academic fees to meet his needs.

This is the kind of sin that led him here; before his death all the students were required to buy syllabus that cost ten dollars but he told his parent that the syllabus cost fifteen dollars in order to recoup five dollars. Not long after this incident he fell sick and died."

The Lord said, "There is no price for your soul therefore reform your ways and govern and guard your heart." I used to think that this price exaggeration that we use to do to our parents in order to recoup some money from them was not so grave yet there were innumerable souls piled up in this place.

Then the Lord took me to a mountain, when we rose to this mountain I saw that there were thousands of openings and pits that vomited fire like lava on volcano

The Lord said, "I must take you to visit people who are imprisoned in this pits of fire." I said, "What is the fate of these souls that are tormented here?" The Lord said, "It is too late for them for when a soul falls in hell, there is no more salvation for him only the wrath of God that is in him. It is a great day reserved for all sinners that have refused My grace."

Quickly we moved to a pit of fire where I saw a soul crying, "Who is it that will save me, who is it that will liberate me?" but there was no help coming, he knew that it was too late for him. His bones were covered by maggots for he was skeletal. I noticed a lot of money in his pocket and the money was claiming justice from God.

He kept saying to the money that was accusing him, "Stop tormenting me, I will the money that I owe back to the owner; I will give you back to the owner. I have spent so many years here for this little thing that I did."

The Lord said, "Sin is enough to be punished, when you commit sin there is a pit reserved for you in this place." When the man had the voice of the Lord he lifted his eyes, there was eye contact with the Lord. He said, "Lord, forgive me; get me out of here, I am willing to return this money to their owner. I promise to go all over the world to tell people to stop acting this way. I will evangelize in bus stops, public place and public transport. I am ready to serve you now."

The Lord said, "It is too late; I raised my servant to warn you. I even sent your friend to rebuke you, even your wife was telling you what you were doing was wrong but you failed to listen to

the voice of your wife who was talking to you on my behalf. Today my son I cannot do anything for you, it is too late."

The wrath of God has fallen upon you but this man kept begging the Lord, he said "Lord have pity on my soul and grant me grace. I want to return on earth for thirty second and repent, I cannot stay here anymore".

The Lord said, "This man was an employee in a company, his boss loved him a lot. Every time the company was to buy goods the boss was sending him. He was to check the price of orders and then he was to submit the total price to the manager of the company who was supposed to get him all the money. Every time he was to do the total he was adding an additional amount for himself. When something costed one hundred dollars he would say one hundred and fifty dollars. What costed fifty dollars he would say it is eighty dollars. This is in order to profit from the company."

Whenever this man came back home with a lot of money, he would say to his wife, "Darling, this is the money I gained after exaggerating the price of goods the company was to buy."

Given that his wife was a Christian, she was against her husband profiting from the company and she was opposing him telling him, "Your salary is enough for us in this house; you don't need to exaggerate the price of goods in order to recoup money from the company." But he told his wife, "I have a lot of responsibility and a lot of things to do. We got to profit from this opportunity and enjoy life." Later he got sick and died, that is how he ended up here.

"If only he could hear the voice of his wife"; when the Lord was telling this story, he kept saying, "Lord, get me out of here" The Lord said, "The judgement has fallen, it has been set."

We went to another pit where fire was burning a man; this fire was rising from the ground to the top of the pit. I saw that he was a burning skeleton; the Lord said to him, "You were lying to my servant and stealing money to use it for your own interest. If only you could hear the warning of my servant but this is how you ended."

The man said, "it's not my fault, it is the pastor who gave me responsibility of dealing with the church logistics. I was the one buying all the instruments but the pastor was selfish, he never considered that I had needs. He was earning a lot of money in the church; we were serving him for free while he had more than enough. He was ignoring us that is why I was exaggerating the price of church instrument to recoup money for myself. Forgive me Lord. I am conscious of my sins."

Since I wanted to know more I asked the Lord, “What has he done?” The Lord said, “When he was alive, his pastor trusted him and when his pastor traveled abroad he was the one keeping the money of the church and all the spending of the church was in his hands. One day a preacher came from Europe to minister in their church. When the pastor sent him to buy microphone and instruments for the guest, he exaggerated the price of the microphone and the pastor trusted him. The pastor gave him all he asked and he bought instruments, he was left with some money. I poured my anger on him, he fell sick and died.”

I looked at this man and thought, “How many times have I been sent to buy stuff and I lied about the price.” This man thought he was lying to his pastor but he was lying to the Lord.

In this place we saw a man that was burning; he said, “Lord, I used public money, I thought it was not sin to use public funds.”

The Lord said, “You were a state employee and monthly salary was enough for you.” I asked, “What has he done to fall here?” The Lord said, “He worked in a public company in Congo.

He was in charge of buying company logistics; however, he always arranged himself to buy low quality equipment for the company which does not last instead of using the money to buy top quality equipment. This is in order to recoup the money left. He spent fifteen years in the enterprise; he thought he was stealing the government’s money and it was not an issue. He was wrong.”

THE TORMENT OF FAMOUS PEOPLE IN HELL

There was continual quarrelling between my mom and her sister, in truth my aunt was a witch. And this tension between my mother and her sister had spiritual root, my mother did not know that her sister was a witch.

One day after exchanging angry words with my mother, she told my mother, “Just wait, you will see” When a witch tells you that you will see this is not just a threat but a challenge; expect the worst. My mother did not know that her sister plotted to kill her first- born son, which was me.

There is always battle going on for the first-born son for they belong to God. Right after the threat of my aunt I fell sick, I was thirteen years old when I was struck by this sickness that lasted three years. I went from one hospital to another but my condition was not improving. At that time I could not have a peaceful sleep.

I suffered sleep paralysis I was being attacked by shadow people that I could not identify. For three years I spent entire nights paralyzed unable to move my body and my speech was captured. I could not trace my voice for it was gone; my parents taught me the bible and the name JESUS CHRIST. I never stopped praying to Jesus Christ.

I cried out to Jesus, "Why me? Was I born to suffer?" The last time I went to hospital, the doctor told my family, "It is over for your son; there is nothing I can do for him. All he can do is go home and wait for his death." Thus the hospital sent me to wait for my death.

While waiting for my death, I could not sleep in the night because of sleep paralysis and shadow people that were tormenting me in the night. Then I got a visitor; an aunt that was born again, she took me to church when she saw my critical situation.

During the service the pastor said, "The Lord is saying to me that you are not getting sleep at night and people are tormenting you that you cannot identify. These are witches that come to torment you." Thus says the Lord, "These witches are determined to terminate your life in three days."

You have three days left; I beseech you to spend three days here to pray for your liberation. I failed to comply with the pastor's instructions and went home. In the night I saw the people's shadows that were tormenting me for years. This time they revealed their faces and I was able to see my aunt among them.

Finally, they came to destroy me; they knew that I will not live to reveal their identity. They said, "We have come to finish you today" and they began to torture and torment me like an animal. They beat me up to the point where I died at 11.00pm in 2002.

I died and stood beside my body; while my body was left behind these witches took my soul to a bush where I saw dead people and demons. I saw people that were strange, they were dressed in black and they covered their heads with hoodies. They spoke a mysterious language that I was unable to understand and they were rippers of death. They were to take me and other souls that I saw there to the abode of the dead.

We did not talk to one another and could not look right or left for our spirits were focused on our destination as if we were bewitched. The journey was very long; we were headed to the destination of people who failed to arrange their lives, people who died in their sins.

When we arrived to the abode of the dead I began to cry to Jesus Christ, I said, "Lord, where am I? What is this place?" There was a red carpet for lost souls that were received. When I stepped on the red carpet I saw that this was a world of demons, multitudes of demons were waiting for

people that have died in their sin. They were laughing at us and mocking us. These rippers were spirits of mockery.

I cried in my heart, "My Lord, what is this place I fell? What am I seeing here? What is this suffering?" I was like I lost my mind, this world was noisy. I was hearing a continual sound of heavy breathing of a huge snake that could be heard in this dimension. This place was filled with roaring of demons, reptiles and beasts; these creatures were noisy.

When I looked at the gloomy sky, I saw that there was thunder and lightning that was not stopping yet there was no rain. There was smoke and fire on the ground rising. I saw countless demons that were greeting our arrival with mockery.

I began to move and I saw prison cells with captive souls; I thought they were damned souls but a voice told me in the ear, "These souls are not dead but alive on the earth; they are captives in the abode of the dead but are not dead."

I could not understand that people were alive on the land but their spirits were in prison cells in the world of demons. I saw that these souls had chains on the leg, hip and neck.

These kinds of people will go to universities but will not break through; they can make effort but they will stagnate for they are in spiritual prisons. They can't remember strange dreams that they have in the night. Among these people are those with chronic sicknesses that amplify in the night.

There were entire families in these prisons because of covenant with demons contracted by ancestors. I prayed for the liberation of a family; their ancestors in the village wanted more fish in the rivers and more animals in the forest.

They signed a covenant with demons and demons asked for stars and chances of their descendants. These ancestors agreed to sell the chances of their future generation. Many people's destinies are sold to demons and compromised. This is years before they were born and they are in spiritual prison.

What I saw beyond were people who we used to call stars or celebrities, they were slaves. It is painful when I remember souls of men that I had left in slavery. I saw politicians, musical celebrities and even comedians; they were all slaves doing hard labor. They had signed pacts with devils for success.

I saw them in hell undergoing terrible suffering. These famous people serve the devil; they offer him human sacrifice. They bought and sold souls for him. They sacrifice women who sleep with them. These celebrities have received great promise from the devil and they hope to get reward after serving him but when they die, the enemy turns against them.

They realize they were outsmarted but it was too late. The celebrities were bare-chest and were doing hard labor, they were treated far worse than animals. On the land the devil promises them power, throne and crown when they die since they are used to enter Satan's kingdom. These are false promises; the devil has no love for humanity.

He does not work with the dead; the pact which they signed is cancelled when they die and he sends them to the kingdom of slaves. I saw them pushing a circular machine that was grinding human bodies and the blood of the bodies were recouped by the machines.

It was taken to the king of hell and he was drinking it like juice. These famous people and politicians were forgotten by Lucifer. I saw that they had injury on their backs.

When I looked at the creature that was supervising them, I was terrified. This demon had six hands and was holding chains that had sharp thorns. Every time a slave failed to execute his task the six-handed demon was whipping him and tore his flesh. The slave could not die for he was already dead.

In this place I saw a demon with three mouths but no eyes; he was holding an eye in his hand which allows him to see. He was pointing this eye to the place he wanted to see, often this eye was falling down and he was looking for it like a blind man.

I was terrified by what I saw in this world of demons; I saw a demon with six eyes, another demon had three heads- two on his right and one on his left shoulder. I saw a female demon that looked like an ordinary woman but she had six breasts. I saw another demon that was crawling like a spider; he had three heads but eight hands, his body was that of a human but his legs and hands were that of a spider. He was crawling all over the place.

If the people on earth knew what awaited them beyond the grave they would pray and sleep in churches. What I saw beyond the grave the people of earth might not be able to bear it. These are the things that exceed men's reasoning and imagination.

I saw a demon that looked like lizard; I saw a demon with the head of a human and the body of a dog, another demon had eyes all over his face.

My dear, if you are still attracted to the things of this world; I want to tell you that the devil is seeking to win your soul. The lust of the eyes and the pride of life is a road that is leading many to doom and perdition.

In this world of demons I was loosing to fear; I could not stop calling the name of Jesus Christ. I was ceaselessly repeating the name of Jesus. On the other hand I kept wondering why I kept moving yet I had arrived; I came to realize that the Lord wanted me to see.

Today I thank my parents for showing me the name of Jesus Christ since childhood. I knew that it was the only name that could deliver me from this world of chaos.

In this place I saw huge flames; I was told that the devil has ignited these flames for he is to burn in the Lake of Fire. These fires were detonating with great explosion.

The voice explained that these flames burn the souls that become swollen and liquidate. Then the body reconstitutes in order to be consumed all over again. That is what the soul had to endure.

I kept saying, "Lord, Where are you?" I saw dreadful things here, I saw flying snakes that had human head.

I was so overwhelmed in my heart and finally I screamed the name of Jesus to save me. I saw the sky opening; like a ball it had exploded. I saw Jesus coming down with thunder and lightning. When He came down I saw the demons collapsing; no demon resisted the Power of Jesus.

No one had the power to do something to him for they were all lying on the ground. Jesus held my hand and we began to rise, we went out from the world of demons through the opening in the sky and it closed. I believe it was the Will of God for me to die and see what happens to men who sign pacts with the devil.

When we left from this world of demons and chaos I landed in the heavenly terbanacle, I was in a huge gathering of happy souls and millions of angels of celestial in the sight of God.

This temple was the size of a city of many kilometers; I noticed that this temple had no limits. The millions of saints were dressed in white pure garments, they were aligned in three columns; men on the right, children in the middle and women on the left.

They worshipped the One sat on the throne in an unknown language that I could not understand. I was also dressed in white sitting at the back end of the multitude like someone who came to church late and the One who brought me ended up on the throne.

The praise and worship was tremendous, this place was filled with glory and the floor was pure gold. I saw the Lord seated on the throne, high and exalted. The glory of His robe filled the room; above Him stood Seraphims each having six wings.

The Lord's throne was tremendous; He stood up and with a sign He signaled the end of the service. I could not see His face because of the light and glory that was beaming from His face. The Lord called my name, "Dada" though my name was Graca; I was many kilometers away from the throne. The Lord's voice was like the sound of a trumpet when he called me.

I did not know it was me but in the third instance the Spirit of the Lord told me, "It was me." In the meantime people on earth were getting to go bury my body. I stood up and headed towards the Lord's throne.

I saw angels and celestial creatures; they were tremendous but the more I approached the throne the more radiant light emanated. I was in Mount Zion; the City of the Living God.

I was advancing among the myriads of angels and the joyful assembly of the congregation of the first born enrolled in heaven.

While I advanced towards the glory of the throne and the flash light, I could no longer endure the glory of the city and the shining glory of His kingdom. I fell to the ground and when I lifted my eyes in the glow I saw the shining feet of Jesus and His luminous garment that shone like gold.

As I kept lifting my eyes to observe His face that radiated great light I saw like the face of a lion then the face of a man then the face of an eagle then the face of an ox. The Lord's face was changing.

The Lord decreased the light, glory and heat and He said to me, "I had your cries and tears all this years when you suffered this sickness but I wanted you to see the dreadful place of torment. I am the One who came down to save you so that you can go tell the world what I have done for you and what you saw. I give you spiritual eyes to see, I give you the scepter of healing and I put My Word on your mouth."

Since this experience whenever I walk in the streets I see people with chains in their hands but I cannot intervene straight away unless the Spirit of God tells me to do it.

The Lord gave me three laws; don't go after the things of this world, be careful with little things such as pacts with demons, cupidity and the pursuit of wealth; you cannot mix me with Me with occult practices and keep the Ten Commandments.

What I have placed in you is bigger than material things you will see in your world. Bring this testimony to your world to save My people. He breathed on me; he held me and said, "Come and I will show you the City which I have prepared for My people."

We walked in a beautiful street; the flowers were blooming on forever, the leaves of the trees evergreen forever, there were fountains, no night will ever come to this city for it is brightened by heaven's bright being. We strolled the garden of heaven and smelled the lilies so sweet.

The Lord showed me lights of mansions and the city seemed complete, this is a city of treasures that will never decay. This is a world prepared for those who keep God's Word and walk in His Will.

The Lord said, "Come, I will show you." He made a sign with His hand and I saw the place He has prepared for the devil and his demons and the people who fail to come to Him.

I saw a huge crater and a huge volcano. The Lord opened it and I saw the Lake of Fire prepared for devils. The devil and his demons had a place of torment different from that of humans. The devil's punishment will be much more severe in the Lake of Fire.

The Lord said, "Men's souls live for eternity; the soul is stronger than the body for the body needs sleep to rest but the soul does not rest." When you dream it's your spirit walking, if the Lord is not with you; you will walk everywhere and you will meet humans and demons running after you.

The souls of men will live on forever; heaven or the lake of fire. On that judgement day it will be like a pupil who has taken a test for people will be on the balance. Men's actions will be on the balance and will be weighed.

BROTHER KELVIN SECOND ENCOUNTER

The Lord visited me again and He showed me very horrible things. On that day I finished my night prayer and went to sleep but as soon as I slept I found myself in hell fire.

I suffered outrageously in the flames. While I was burning I had sadness in my heart, the pain I was feeling as strong and cannot be compared to another pain.

I said, "Lord, please don't abandon me here and forgive me I offended you." Immediately I heard a voice like thunder clap that asked me, "Who are you?" I said, "Lord, it's me your servant, the one you had revealed mysteries about your kingdom to." But the Lord repeated the same question again, "Who are you?" I said, "Lord, it's me your servant, the one you entrusted the task of proclaiming the gospel to your people; please deliver me."

Suddenly I saw a bright light descending upon me; this light illuminated the dark place where I was. I was able to see a shadow in the place I was though I was not able to see this being which was actually Jesus Christ himself.

The Lord extended his hand to me and got me out of that place. He told me, "You were in the flames of hell and you have suffered. Your heart was filled with sadness and pain that was unbearable. Your whole being was consumed by fire.

In fact, you have experienced the fate that awaits sinners when they come to hell. Now go tell the world about the things that await them for they don't know me. You have come here to witness the sadness and desolation of the abode of the dead."

Immediately the Lord took my hand and led me to a terrible place where there were toddlers and little kids. He told me, "Look at these little children."

I saw children from four to nine years before a huge screen, these children were watching cartoon such as Dora the explorer, Sponge bob square pants, barley, peter pan , dragon ball z. I also children's channels such as manga, game one nickelodeon. I could see all these channels that display cartoon and the children could not stop watching cartoon while fire was burning them.

The Lord asked me, "Do you know why all these children are here?" I replied, "No, Lord." Jesus said, "It is because of their parents scandalizing them, failing to lead them to Me. They deviated these children and their punishment will be worse than that of these children. Train up a child in the way he should go and when he is old he will not depart from it."

Then the Lord led me to another place where I saw a huge screen, this time around I saw teenagers who used to watch pornographic movies, soap operas, secular movies. In this place I saw logos of local TV satellites that brought blockbuster movies such as Disney studios, NDA, TMC. All these satellite TVs that offer movies were also in hell.

The souls that were watching were in flames. For the first time I felt sadness overwhelm the heart of the Lord and he said, "This makes me sad to see these teenagers suffering here; many of them have never had about me. Those who have about my Word just ignore it. Many of them were my children but because of these secular TV they were seduced and brought here." These teenagers were numerous seated watching televisions while they were burning.

The Lord took me to a place called "Queen of Heaven" where I saw a stature of Mary- the so called mother of Christ where crowds were before this stature with their rosaries and they were burning. They said, "Lord, forgive us and deliver us from this place." The Lord said, "I never knew you for you have falsified the Word of God and worshipped the queen of heaven."

The Lord told me, "Many people who worship this woman say they worship my mother but I tell you this I have no mother. Mary that gave birth to me is not my mother nor her children my brothers; only those who hear my Word and put them into practice are my mothers and brothers. These people have no excuse for worshipping queen of heaven for it is written in the bible."

Then the Lord led me to a place where demons were tormenting people, others had their tongues tortured and cut out. There were unbearable scepters; among these souls I recognized many deceased leaders such as Nelson Mandela, Abraham Lincoln, Gaddafi, Mobutu, and Sankara. The Lord said, "These were powerful leaders in the world but they killed in order to get power."

I saw a place where people were worshipping Buddha, Indian stature; the souls were in torment. The Lord said, "These souls did not know me and because of their sin they are here. These souls were deviated from Me by their parents' tradition. My servant, you must travel to the utmost parts of the world and evangelize to these people in order to save them for I am also their God and they are my children."

The Lord took me to a place where there were celebrities; I saw Michael Jackson dancing. Every dance move was accompanied by unbearable pain. There were many other singers in this place singing in the flames, they kept saying, "Stop playing our music, you are increasing our pain."

The Lord said, "All these famous people you see that sold their soul to the devil to have the glory of the world. They were blinded by wellbeing and happiness that was offered them on earth. They failed to understand that they will fall in hell after all. Many celebrities on earth are like them; they prefer to be happy for a short time on earth and suffer forever in hell."

You people do not realize that the happiness on earth is useless; it is better to live a poor and miserable life on earth and spend eternity in heaven rather than enjoy life on earth and suffer forever in the fires of hell. All these singers that you see, their pain increase when people on

earth sing their songs and when these people die they join them to sing in the fires of hell. Tell the people who are still ignorant that hell is real. If they fail to repent now there won't be forgiveness for them in the afterlife."

The Lord took me to a place called Sacred Hearts where souls were on their knees worshipping a stature called Jesus. They were undergoing the same pain those who were worshipping Mary were experiencing.

"These people worship the stature and say they worship me yet no man knows who's on the stature. They are condemned by these words 'You shall not form yourselves an idol in the form of anything in the heavens above, on the earth below or in the waters beneath'. You shall not bow down to them nor worship them for I AM THE LORD YOUR GOD. I am a jealous God."

Jesus said, "They have falsified the Word of God and came up with their own commandment. They have now recognized their mistake."

In this place I saw priests, children of heart and sisters all in the flames; the Lord told me, "The catholic religion is the religion of the Antichrist. He will appear in this form for they are the ones uttering words of blasphemy against me. I am not an imperfect God to be looked like a man.

If you look at Me like a man you misunderstand who I AM. In order to understand who I am you must seek Me not physically but spiritually. The understanding of many is blinded, pray to have discernment."

My dear, I saw The Lord and He has nothing to do with the Jesus portrayed on the earth. Jesus said, "What I have shown you is what you were supposed to know. There are other places of torment that I have not shown you but what I have revealed for now is enough for many to repent".

We left this place in the blink of an eye I found myself in a breathtaking garden with evergreen and wonderful flowers, I saw blooming trees. I saw shining birds singing celestial melody and I saw the Lord seated in this garden. He invited me to join Him and I placed my head on His chest.

He said, "I have showed you where the elect go when they abandon ME." I said, "It is horrible and painful to be there, forgive them. " The Lord said, "I cannot do anything for them unless they repent."

I said, "Lord, I will try to convince the maximum of them for I don't want them to go there." The Lord said, "Many of them will reject you and they won't believe you because they think hell is not real. That is why only those who have faith will be saved. Happy are those who believe and have not seen and you believe because you have seen."

You were judging these things with your intelligence even though you resorted to the bible. In truth you need my Spirit in order to confirm these things. Men use their heads to understand Me but they won't be able unless my Spirit intervenes.

The Pharisees knew the Scripture that spoke about me but they did not believe because they did not have the Spirit of God. Do you see these marks on my feet, hands and the side? Do you know why I keep them?"

I said, "Lord, it's because of those who don't believe, when they see these marks they will believe it's you."

Jesus said, "You spoke well but that's not all. These marks serve as a testimony that the Son of Man was crucified. He lived on the earth to redeem the sins of the people and save those who were lost."

ELLEN WHITE IN HELL

I will begin my testimony by talking about my parents' conversion to the Pentecostal church; Christ Reigns. I was twelve and I accompanied them. At thirteen I gave my life to Christ and joined the worship team. I was with my parents in the church but did not know what a sincere Christian life.

My parents quarreled almost daily. Dad wanted to watch a movie and mom wanted news. They were the example for my life. They said everything they did was right. Had they been true Christians I would also be a Christian by observing them.

The quarrelling was normal and at school I did the same; I attacked students although I was a believer. One night I had dream; I saw a giant dove flying over my house.

He said: I am not pleased with your life; put your hose in order. The next night I had the same dream and told mom about it but she could not interpret. I told my pastor and he said: the Holy Spirit wants to use you. He wants a repair.

The church where I congregate is focused on praise and worship, teaching was rare and this was reflected in the lives of the believers. Three years went by and we still attended the church.

I was one of the impious teenagers; when I did bad things the pastor called me devious. The truth is that I am not a member of that church.

One day God used a woman who is not a member of my church. Actually God did not use members of our church in that way. She said: God will make you His watchman. Three years passed and I was sixteen years.

It came to pass; I heard a soft voice then I saw Jesus who was waiting for me. We entered into the abode of the dead; I saw a rich man burning Jesus to him to tell me why he was there. The man said: my money held me in material things, the more I had, the more I wanted. I had luxury, pleasure and women. I did not have time to go to church; I was travelling the world. Money was more important than Jesus; I preferred the things of the world to the eternal heavenly riches. There is no hope for anyone who descends to this place.

I beheld hell's prison systems like prison chambers on the earth. Soul are tortured in their cells, they are waiting for the final judgement. Jesus said: Sin enslaves people. Whoever does not control the flesh, whoever succumbs to sin falls in this place. Tell people to reflect on the sins in their lives. Analyze their journey and start over from where they left off.

In the world there is division of race, color, rich, poor but hell plays its part in uniting rich and poor, all colors and languages are united here. Jesus showed me people who have deified their money and material wealth. I beheld people who have purchasing power and influence such as presidents, governors, judges, lawyers, bankers and dynasties. They did not help the poor and they took nothing when they died. These were forgotten.

Both rich and poor land in hell; there is no superiority. They leave their fortunes and millionaires are dying every day. When these rich people saw Jesus; they said: I will give all my wealth. I want to go back and live the most miserable life; I will be a beggar and collect garbage. Tell the people of earth to help the poor. Tell them not to come here.

When I saw this man begging to return to earth I was sad. In hell there is no separation of classes; the rich mingle with the poor. Black, white, all religions and languages were here. People of various times from the time of Abraham to the present day were here.

Jesus took me to a cell where I saw a man. He said: this man was a beggar, I sent my servant to give him food and juice every day. The gospel was preached to him but he did not give his heart to Me. The blanket he had was not enough to protect him from the cold and he was found dead by the roadside.

The beggar shouted: I dot deserve this for living a miserable life on the earth. I deserve heaven. Jesus showed me Christians in various types of cells. They did not sanctify themselves by

looking at the faults of others. They said to Jesus: the pastor's wife is not sanctified therefore we do not need to sanctify ourselves.

They knew it was sin yet they did it. They said among themselves: when we were alive we saw the pastor walking in shorts and a sleeveless shirt, if it was a sin; he would not have done it. The pastor's daughter is wearing a bikini. They argued and judged the wicked instead of working on their lives.

I beheld a Christian in hell for tolerating sin in his church; Jesus touched his heart several times to preach holiness but the shepherd resisted the Holy Spirit. Jesus even sent a servant but he did not yield. He reached God's limit of patience and death visited him while he was walking in darkness.

I saw a woman who did not convert; she saw defects in every church. She went to liberal church and could not convert because the people were equal to those in the world. She went to another church but could not stand the doctrine. She said that it was man's doctrine and died without making commitment to salvation.

Jesus showed me Christians in hell for not helping the deviants. Instead of correcting them they criticized them which made them move far away from God. Those backsliders were hurt that they swore never to step their feet in any church.

Jesus showed a shepherd in hell for cursing a Christian for going to another church. We should not curse what God has created. A girl in hell for masturbating, she manipulated objects for pleasure, a Christian for having a tattoo on her body. She did not think the tattoo was wrong; a demon came out of the drawing and began to torture her.

Satan was sitting on his throne, that elegant being turned into a horrible monster. When he saw the Christians suffering he gave a disgusting laughter. He told the demons: we are winning against the church; see my victory. Look how many Christians are in this place; the battle to take these souls was difficult but we succeeded. Satan commanded a demon to go to church; the goal was to bring a soul to hell.

Jesus showed me Christians in hell for committing sins in secret; they hid the sins from pastors because of fear of being corrected but they could not hide from God. Jesus showed me eyes of fire; they were scattered all over the earth and never closed.

Jesus said: nothing can be hidden from ME. The laws of the land are unjust; innocents pay for crimes they did not commit because of lack of evidence. The laws of God are just and you get your measure.

Jesus showed me a place of false prophets and founders of sects and on the other side millions of people whom they brought to hell because of their sects. These people curse the founders for bringing them to hell.

I saw the prophetess Ellen White. Jesus said: She is here for inventing heresies; she prophesied lies and had connection with satanists who helped her ministry grow. She taught her member to keep the Sabbath stepping on my grace. Whoever wants to keep the law should never sin, whoever lives in the law should save himself by committing no sin like me. All sects that reject my grace tear down the contract of the new covenant. Whoever lives in the contract of the old covenant will be cursed and go to hell.

Jesus said: This woman Ellen White lied saying that there is no hell; she taught people that hell does not exist but when she died she landed in it.

I saw how demons tormented her; the more souls went down to hell because of her teaching, the more she was tormented. From the founding of this sect up to now millions of souls end up in hell because of false teachings.

Jesus said: Testify more so that more souls can ascend to heaven. We flew to heaven and landed in a beautiful paradise with splendor and gleaming light. I saw a city laden with pure gold. I saw fantastic architecture. An angel came to me and Jesus left us.

Another angel came with a book; he opened to the page written the date I converted by name was erased for not living a holy life. He took the book of condemnation and when I saw my name I began to cry.

He said: All the names written in this book will not inherit eternal. I wanted to live there but my condition would not allow me to stay in heaven. The angel told me that I liked to look at others and see their defects. He said: it is time to look at your own life and stand before God.

Suddenly a spiritual mirror appeared and showed all my sins; my appearance was that of an old man headed for the grave. The angels said: do not worry; your wrinkles are caused by sin, although you are young your spirit is about to die. If you do not get born again you will die because the wages of sin is death.

These wrinkles are because of pride, selfishness, lack of love for God and bitterness that is deep rooted in your heart. You consider yourself perfect and do not accept correction; you want God to correct you. Do not let this revelation pass you by.

I said: I am so young to die; I will go warn my parents. The angel said: life on earth means nothing. Your life is measured in heaven by God. Your life is shortened by sin, your appearance is of an old person who is about to die.

On the earth I ridiculed servants of God; putting defects where there was none. I said that they are not better than me at worshipping or ministering. I envied and wanted to be equal to these servants but I did not want to admit the reality that people were being used by God. Deep in my heart I knew that I did not have the privileged of being used like them.

I did not want to be the worst of them all. The angel corrected me and preached to me the doctrines that a true servant of God must know. These are the teachings that the preacher never talked about. The angel said: now go back; I was on earth as soon as he said this.

FOOTBALLERS IN HELL

I then saw a 12 year old boy who was a footballer. I asked the Lord why he was there, and The LORD said, because he was into occult. His teacher led him into this practice so could be a great footballer. He was taken to an occultist for charms and special oil to play well.

I also saw another footballer from Brazil. He went to a wizard to help him play in the league. He refused to go back to thank the wizard, so he died on the pitch one day whilst playing a football match.

I also saw Marc-Vivien Foé, the Cameroonian footballer who died during a football match in France in 2003. He went to the Queen of the Coast for powers to play in the African Cup of Nations. After obtaining the powers, he was supposed to sacrifice his mother to the queen of the coast, but refused to do it. So during that fateful day, a spirit from the water kingdom struck his heart and killed him instantly on the pitch. So he was in Hell for the occultism. In Hell I saw him holding a human skull.

FOOTBALLERS AND FANS ON THEIR WAY TO HELL

I was then shown many teams and their supporters on their way to Hell through the tunnels. The first team I saw was Chelsea Football Club; they were being led by Ivanovic, and followed by the other players in a straight line. They all had divers' items in their hands; some had

incense, oil, sacred rings and other things. I was then shown how all those who followed and supported this team with their hearts, were all following them in the tunnel to Hell fire.

I was then shown Ronaldinho and certain young boys in the age range of 8- 13 years. These boys were learning to play like him. I then saw a strange looking demon, in the various forms, namely form of a woman, a monkey and had wings like a bat. This is the demon that helps him to play well. So when these boys started rehearsing, this demon manifests and enters them. I saw him and all his fans, supporters and the boys who are seeking to play like him walking in the tunnel on their way to Hell.

The next football star I saw was Kaka. He had a bible in his right hand and a football in the left hand. I then saw a demon come to him, and told him “follow me and I would show you the path of lie”. This demon then took the bible and placed it in his left hand and the football in his right hand. Sadly, this demon was leading him to Hell too. I then saw a man who told him in Portuguese that you can be a Christian but everything you want to do in football I would do it for you. This man then did some rituals and a demon appeared, then he put some liquid upon his head and the demon entered into him. He then began to play skillfully. I saw Brazilian teenage footballers all following him to Hell.

I was then shown some people who were walking silently to Hell, and they were the Brazilian football teams. I asked the Lord Jesus, what have they done and he said it is because of idolatry. This because Football is a god and those who support it will eventually end up in Hell. I then saw Pele went into a cemetery at night to invoke a demon, this demon came to the players and strange oil was rubbed on them and were asked not to touch any woman. Then I saw a strange demon, with the head of a man, but the body of calf. This demon was leading the team including the old players like Pele and others. I also saw the majority of Brazilians following them silently to Hell because of the passion for football.

I saw many footballers using rings, special oils, and other occult paraphernalia to ply their trade. However the sad thing is, all these players were walking straight to Hell together with their supporters.

I saw the France football team also being led by Zinedine Zidane and other former players. Their fans and supporters were all following them to Hell and after this, I then saw the Egyptian national team being led by Abutreka and all were on their way to Hell as well. The team was being led by two demons in the form of cows. The major demon which helped them win the African Cup of Nations seven times was Osiris.

I was then shown all the teams of the world including the National team of Ghana, the Black Stars being followed by their supporters and fans. I then asked the Lord Jesus why is it so, and He said because they all belong to the enemy and are involved into the occult practices. Then the Lord said "I should warn that no one who is into occult can come to His kingdom". I saw all the football clubs arranged in levels on their way to Hell silently and followed closely by their fans.

All the young boys who are following the professional footballers were all following them to Hell. Some of these boys do not go to the fetish themselves, but their teachers and coaches go for the occult powers and give them the items and instructions on what to do.

CHRISTIANS AND FOOTBALL

I was then shown two Christian teams playing a football match, and demons came there in the form of bears to sit and watch the match. They were so happy and waving. Other demons also appeared from the ground to manipulate the match as though they were the coaches and even when Christians were playing a match, the demons had a right to be present, because football is a game which was designed by Lucifer to deceive many into Hell.

When God confused the people at Babel, satan has been trying to unite people to rebel against God ever since. He succeeded using the tournament called the world cup. Actually at the world cup final match, he will present his son; the antichrist to kick off the tribulation. It is no coincidence that billions of money are wasted on sports while people starve to death and girls in Philippines are into prostitution for a single plate of meal. It's a matter of do it or die. My friend, hapa ni kwa ngoma, no mercy; kwe na ngoma goko. Shetani hakuchekeshi; jipange kwa Yesu.

I then saw a different church match and one man went to consult occult to win the match. He was given a clock to go to cemetery to sleep there from 12 midnight till 6am. He then placed

the clock near the opposing churches pole so they would win the match. The other team too had a man go to another fetish who gave him a strange liquid which he sprinkled on their jerseys. The demons then possessed the players and they played by the power of dwarfs on the field.
